

# Two Indicted Men Give Testimony: Report Legislature to Get First \$2 Billion Budget

## Pay Hikes, Gotham Aid Included

### More Tax Boosts Almost Certainty

ALBANY, N. Y. (AP) — Gov. Rockefeller will send the Legislature the first two-billion-dollar budget in the state's history on Feb. 2.

It will include 20 million dollars for state employee pay raises, 1½ million for more state troopers and several million in extra aid for New York City.

The Republican governor almost certainly will ask for tax increases beyond the two-cent-a-gallon gasoline tax boost enacted Tuesday. He may seek higher cigarette and income taxes.

#### Deficit Seen \$250 Million

This was indicated Wednesday in a statement Rockefeller issued explaining the problems he faced in preparing a balanced budget, required by the state constitution. He raised to 250 million dollars his estimate of "deficit" he will have to cover in the spending plan. Previously, he said the gap between income and outgo was at least 230 million.

Rockefeller also asserted that the state would have to increase taxes "to re-establish sound fiscal policies and work toward a return . . . to a pay-as-you-go basis."

#### May Be Slightly Less

By law, the budget is due Feb. 1. However, since the deadline falls on a Sunday this year, Rockefeller will not have to submit the budget until Feb. 2.

The governor revealed the amount of his budget indirectly. He said his budget—for the fiscal year beginning April 1—would raise spending 235 million dollars over that for the current fiscal year, which he estimated as \$1,800,000,000.

By simple addition, Rockefeller's budget would run around \$2,035,000,000.

The actual figure may be slightly less, however. In another point in his statement, he said spending would run more than 400 million dollars beyond income, which he figured would be the same as the current year, \$1,607,000,000.

In either event, the total hits two billion dollars.

The state budget topped one billion dollars for the first time in 1952, during the administration of Republican Thomas E. Dewey.

During the four-year tenure of Democrat Averell Harriman, it rose to the present \$1,800,000,000 level.

Rockefeller's estimate of income did not include the 60 million extra the state will get from raising motor fuel taxes. On March 1, the gas tax will be boosted from four to six cents a gallon and the levy on diesel fuel from six to nine cents.

Previously, Rockefeller said he could use up to 150 million dollar.

## '53 Travel Gains On Local Bridge; Others Show Drop

Total travel over bridges under control of the New York State Bridge Authority in 1958 dropped 1.06 per cent under that of 1957 despite a 14.61 gain on the Kingston-Rhinecliff span, the authority reported today.

The local bridge clocked 755,731 vehicles in 1958 compared to 659,418 in 1957. All spans clocked 7,478,569 in 1958 and 7,538,635 in 1957.

John S. Stillman, authority chairman noted a high safety record for the bridges with no fatalities on any in 1958.

Travel dropped on all but the local span. Totals on the Rip Van Winkle were 1,478,641 and 1,561,281, a drop of 5.29 per cent. Bear Mountain, 1,502,842 and 1,512,571, a decrease of .64 per cent, and the Mid-Hudson, 3,741,355 and 3,825,385, a drop of 2.20 per cent.

Totals on the Newburgh-Beacon ferry were 460,752 and 485,203, a drop of 5.04 per cent.

Toll collectors on the bridges have been upgraded from civil service grade 7 to 8, effective Jan. 29. Depending upon service and longevity, the change will result in pay increases up to \$210 annually.

Since July 15, 1945, when cash tolls were reduced to 25 cents per crossing, salaries of collectors in top pay brackets, went up about 88 per cent from \$2,315 a year to \$4,360 a year. Most of the increases resulted of legislative action. They occurred in 1954, 1956 and 1957.

dent Nixon (left) and House Speaker Sam Rayburn. Frondizi said the U. S. cannot ignore the economic poverty of Latin American countries. He also said an impoverished country cannot uphold democratic institutions. (NEA Telephoto).

## Sterley Is Returned As GOP City Leader

A former public official, who served four years as chairman of the City Republican Committee, was elected to the post again Wednesday night.

Attorney John B. Sterley, 64, Ulster County Surrogate Judge from 1944 to 1956, was chosen as the GOP chairman at a meeting of committeemen from Kingston's 13 wards.

The balloting was held to fill the post left vacant by resignation effective December 31 of N. LeVan Haver, a former Ulster County district attorney.

The election in the Court House, Wall Street, was declared unanimous after Judge Sterley was voted in 19 to 10 over one opponent.

Attorney S. James Matthews was the other candidate. Judge Sterley served as city chairman from 1940 to 1944.

Seeks to Serve

After last night's election, he said he sought the office again to serve the party for a long time. The judge resigned the same post in January 1944 to accept appointment by Governor Thomas E. Dewey to the office of Ulster County surrogate which was left vacant by the resignation of the late Harry H. Fleming.

Sterley ran for election in 1944 and won. He served for the next 12 years, then did not run again. Charles H. Gaffney succeeded him as the Republican surrogate of the county.

Becomes Unanimous

Deputy County Clerk Clifford S. Van Valkenburgh nominated Judge Sterley last night. The nomination was seconded by Raymond Whitbeck. Both reside in the Second Ward, as does Sterley. They have been active in politics for many years.

Former District Attorney Howard C. St. John, who nominated Sterley, moved that the election of Judge Sterley be unanimous after the 19 to 10 vote.

Judge Sterley was born in Ravenna March 2, 1894, son of Harry C. and Anna M. Sterley. His father for many years was an engineer with the New York Central Railroad. Judge Sterley attended Ravenna public schools and after graduation from high school attended Syracuse University and later Albany Law School where he was granted his LL.D. degree.

He is married to the former Helen A. Stepan, daughter of the late Judge and Mrs. Fred.

## Ike, Alcorn Advise Year-Long Campaign

DES MOINES, Iowa (AP) — President Eisenhower told the Republican National Committee Wednesday that the GOP must not become a "hibernating elephant" that awakes only at election time.

In a message to National Chairman Meade Alcorn, the President called for a sustained year-around program of Republican campaigning which would imprint the image of "progressive leadership" on the party.

This was in harmony with Alcorn's own recommendations to

## Two Auburn Boys Wanted for Theft Are Caught Here

Two teenagers wanted for a theft in Auburn were picked up by local police during the night, and a runaway youth, who had joined them in Albany was brought with them to police headquarters for questioning.

Alertness of local police officers last night resulted in the catch. The Auburn boys, one 14 and the other 15 years old, are due to be returned there.

The runaway, said to be William Simmons, 17, of 493 Glen Street, Glens Falls, was reported missing since early Wednesday morning. He appeared not to have been involved with the others, except for the fact that he had joined them in Albany.

A teletype message received by local police early yesterday afternoon said the boys had taken a wallet containing \$25 from a home in Auburn.

Officers Gurnsey, Burger Jr., and Harold DeGraff, of the local detective division, even in last night's fog, decided that the youths were acting suspiciously on Cornell Street, but they managed to avoid the officers at that time.

Officers Raymond Wells, Louis Sapp, James Scott, and Floyd Krom were then dispatched on the search and the trio was spotted and picked up at Washington Avenue and the Boulevard.

## Taxi Driver Faces Second City Charge

One of three taxi drivers booked last night on charges dealing with alleged wrongful soliciting of fares at points more than five feet from their cabs, faces hearing on a second charge brought against him shortly after appearance in city court today.

Booked last night on the soliciting counts were Jerry Sauer, 79 German Street, Henry DuMont, Woodstock, and John Olson, 41 Cedar Street. The arrest was by Officer John Crespiro.

#### Second Arrest

Olson was arrested again at 10:40 a. m., today by Officer Frank Stip on a disorderly conduct charge as the officer was issuing a parking ticket in a restricted area near the Trailways bus terminal, Broadway and Pine Grove Avenue.

It is alleged that Olson called the officer names and threatened him.

Arraigned this morning on the soliciting charges, the trio requested to have counsel assigned, and Judge Aaron E. Klein named Attorney Thomas F. Saccoman. Their cases were put over to Saturday.

Olson is due in city court tomorrow on the second charge. Bail, fixed at \$50 on the second charge, was produced.

#### Trouble Over Fares

Police said the trio was operating from the taxi area near the Trailways terminal when they were booked for alleged illegal soliciting of fares. The counts are based on provisions of a city ordinance regulating taximen and cab operations.

Trouble among drivers in the area has been reported from time to time.

#### Sammons Still Serious

The condition of Sgt. Frank E. Sammons, of the local police, who suffered a heart attack early Tuesday, was reported as still serious at Kingston Hospital today. He was taken ill while on duty at police headquarters.

## Not Enough Data, View Of Perry

### Water Budget Is Lacking, He Says

Alderman Samuel J. Perry (R) Fifth Ward, at Tuesday's Common Council meeting, held that the water department's budget was unrevealing as presented, and he asked that it be published to indicate its lack of detail.

Each item was not dealt with by Perry, but he singled out that on salaries, as one which, to him, did not give a full account. The budget lists \$29,450 for salaries, and Perry felt the sum should be higher.

The department's budget, he held, should be broken down in detail, similar to that in the engineering department, so that it could be studied by anyone requesting to see it.

The department, it was learned, has two methods of paying wages. One is on a bi-weekly salary basis, (listed in the budget as salaries) and the other is on a weekly payroll basis, which involves different branches of divisions of the department, and is not directly shown in the budget.

## Green Coloration May Be From Paper Mills

Green coloration in Rondout Creek water in the Eddyville falls area possibly is originating from Napanoch paper mills, a spokesman for the New York State Conservation Department said today.

Game Protector Philip Gillen, who investigated, told The Freeman the origin of the coloration had not been determined definitely, but it was possible that its source was from Napanoch paper mills.

He said a heavy ice covering on the creek made it difficult to determine the coloration, but it was visible in the water near the Eddyville falls and the ice in that area had absorbed the coloration.

Gillen said it was possibly a dye used in paper manufacturing, "but apparently is harmless since we have not detected any dead fish."

POSTER BOY—Jeffrey Reil, 11, displays some of his ship models in his New York home. A few weeks ago the shy, diffident youngster was chosen as one of the three poster children representing "Three Faces of Crippling." The previously lonely, quiet boy has become a celebrity and is now more enthusiastic and excited about life than he has ever been. Jeffrey was chosen by the March of Dimes as a symbol of its new health program, which now includes birth defects and arthritis in addition to polio. Jeffrey was one of 250,000 U. S. infants that yearly come into the world with serious birth defects. (NEA Telephoto).

## Thaw Hard on State, Ulster Is Fortunate

Rain and melting snow sent waters flashing over their banks in hundreds of streams across the state Wednesday causing damage estimated in the millions, but Ulster county escaped its force.

The sun peeped out over the county this morning with temperatures rising into the forties but residents were cautioned against optimism. Spring is still a long way off.

Gales Forecast

The weather bureau today forecast gale winds and a cold wave which will rout the balmy mercury enjoyed by New York State today.

The bureau issued cold wave warnings for the eastern upstate counties and forecast gale winds with gusts to 80 MPH in western counties.

Unseasonably warm temperatures melted snow that, added to heavy rains, sent many small streams over their banks, the Associated Press reported. Damage was placed at millions of dollars. In some areas there were evacuations.

The AP reported at least four deaths in the state due to weather.

Roads Take Beating

Although Ulster county escaped flooding conditions which plagued some other areas, its roads were heavily puddled in many spots, with fill washed away in some locations. Kingston state police reported that the roads—28, 9W and 209—"took a beating."

Surface transportation groped through fog in Ulster county and over a considerable portion of the state during the night, although it had cleared up early this morning. The speed limit on the Thruway was lowered to 20 MPH at one time.

Reports of flooded cellars in Kingston and Ulster county were received. It was reportedly

particularly bad in the village of Hurley.

Ice Jams Start

Waters were somewhat higher in area streams, ice was reported building up, but not dangerously, at the Rosendale bridge over the Rondout creek.

It was explained that ice tended to float down to an island just below the bridge, where it piles up, but the blockage was described as very slight this morning. Water was running over the LeFevre Falls throughout the night.

Waters would have to rise considerably before residents need be troubled. It was reported to The Freeman.

## Stadium Rink Is Success, Board Hears at Meeting

A new type skating rink tried on the Dietz Stadium grounds has worked successfully, Andrew J. Murphy, 3rd, told the Board of Public Works yesterday.

The rink is made by the flooding of a canvas-type, waterproof covering which provides sufficient skating area.

Route Considered

The new rink was started, it was noted, because it is expected that Struble's pond, off Albany Avenue, which the city has conducted in recent years as a rink, will be closed during and after construction of the city's arterial route system.

A main spur of the route is to be built over the flatlands off Albany Avenue, extending from an interchange area in the triangle formed by Broadway, Albany Avenue and East St. James Street.

Permission for Wires

## Show-Case Trial Is Set for 3 Batistans

HAVANA, Cuba (AP) — With the shouted support of more than half a million Cubans, Fidel Castro continues today his campaign to justify to the world the execution of Batista henchmen.

The author of dictator Fulgencio Batista's downfall appears before hundreds of foreign newsmen at a news conference.

Later today, Havana's first showcase trial of Batistans charged with murder and atrocities opens. The capital's first defendants are three officers in the dictator's army, and the scene is the 37,000-seat Sports Palace which Batista built.

## Talk After Immunity Is Granted

### Ex-Road Bosses May Ask Dismissal

From an unimpeachable source it was learned today that two former town superintendents of highways indicted last March by a regular Ulster County grand jury on bribery charges, appeared last Thursday before the Tompkins special grand jury investigating kickbacks and testified after being granted immunity.

They are Burton C. Barringer, former town superintendent of highways of the Town of Rochester, and Howard Trowbridge of Olive who resigned his position after the charges were lodged.

Both Barringer and Trowbridge were charged with violation of Section 372, a bribery allegation. In court they were represented by Francis X. Tucker and pleas of innocent were entered.

Can Apply for Dismissal

By appearing before the Tompkins special kickback grand jury and being granted immunity, the indictments returned last March by a regular Ulster County grand jury which was conducted by former District Attorney Howard C. St. John, now become an academic and must be dismissed if application for dismissal is made to the court.

There is a third indictment pending, that charging Rocco Benevento, town superintendent of highways of Marlboro, with the same crime. He too has entered a plea of innocent but declined to resign his office pending disposition of the charges.

The indictment against Barringer was returned after he allegedly admitted the charge. He is specifically charged with having taken bribes from Harry Barieka, Walters truck salesman; Austin Boyd of Lansell Corporation, distributors of road material; and Anthony Macera of the Westchester Distributing Corporation, distributors of road oils.

Charge Over Money

Towbridge is specifically charged with having taken money to influence his official acts from Austin Boyd of Lansell and Anthony Macera of Westchester Distributors.

The three indictments returned by the regular grand jury were referred to the special grand jury when Governor Harriman ordered an Extraordinary term of Supreme Court in Ulster County to conduct a probe into alleged kickbacks, and the indictments against the three town superintendents were transferred to the special investigation which is being conducted under the direction of Senator Bernard Tompkins. Tompkins was named a special attorney general to conduct the kickback probe about nine months ago.

Local Action Ceases

The regular Ulster County grand jury, being superseded by the special grand jury, discontinued its probe when the Tompkins special grand jury took over.

Supreme Court Justice Henry Clay Greenberg was designated to preside over all of the kickback probe proceedings.

It was learned today that both Trowbridge and Barringer appeared before the special grand jury last Thursday and were granted immunity. After being voted immunity they allegedly gave testimony before the session.

### Chamber of Commerce Hears Reports, Plans

**WALLKILL**—At the January meeting of the Wallkill Chamber of Commerce, a report was heard from Walter Smith, lighting chairman who expressed his thanks for cooperation received from all members. The president also thanked the chairman and the committee and all Chamber members for their support in this year's project.

James B. Crowell reported for the memorial committee that a decision has been reached and a marble shaft will be placed in the village with the inscription "To all those who served in service of their country." It is hoped that this project will be completed early in the spring.

William Stuart also reported for membership and the RIDC that at a recent meeting at Pine Bush, it was learned that Opportunity Valley Brochures prepared by the state will be available soon.

He also announced that the next meeting will be held Feb. 12 at the Savings and Loan Association Building, Wallkill. S. Kelso Sloan, chairman of the Wallkill group, will be the host. Clifford Quick gave a report on the New York State Chamber of Commerce Executive Convention he attended Jan. 15-17 in New York City. One of the highlights of the convention was a tour of New York International Airport.

New member, Joseph N. Vogel was introduced as was Willis Flourey, of the Walden Telephone Company.

It was also voted to purchase a quantity of metal car emblems advertising the Wallkill Chamber, to be made available to members at cost. A committee of Walter G. Smith and George Vogel were appointed to select suitable emblems.

The next regular meeting will be held at the school on Feb. 16 at 8 p. m. Willis Flourey, general manager of the Walden Telephone Company will be the speaker, outlining the program of the company for 1959 expansion plans.

The social committee appointed was Rudolph Grill and William Stuart.

**Events Scheduled**

A spaghetti and meatball supper for 50 members and their wives was served to the Wallkill Rod and Gun Club Association Saturday, at the clubhouse, Hoagaberg Road. It was prepared and served by Mr. and Mrs. Stanley Yeaple. Property owners, whose land is posted and used by the club, were also guests in appreciation of their cooperation with the club.

It was reported to be one of the most successful affairs ever held by the club, and all members assisting the chefs were congratulated for the affair.

Thursday 7 p. m. the fire horn will signal the beginning of the Village March for Polo in the village of Wallkill, headed by Mrs. Wesley Withrill.

General township chairman, Lloyd Kniffen has asked that people turn on their porch lights, and give generously to the fund.

The Walker Valley Mothers will also march under the direction of Mrs. David Freer some time during the month of January.

At the January meeting of the American Legion Auxiliary of Rose-Sheely Post, plans were made for a Valentine card party Feb. 14, in the Legion Home. The party will be open to the public with awards and refreshments.

Mrs. Pauline Auchmoody, president presided and a new member, Mrs. Theodora Toman was welcomed. This brought the membership to 50, although five more are needed to meet the yearly quota.

Child welfare work during the holiday season, amounting to \$49.15, included gifts of toys and clothes and two food baskets to eight children in four families. The rehab chairman reported four veterans in hospitals remembered.

Plans were also made for members to meet some evening in the Legion Home to make

cancer dressings. The date will be announced.

A social hour followed the meeting with refreshments served by Mrs. Louise Scazzello, Mrs. Gertrude Eckert and Mrs. Ana Vogel.

## Clinton Avenue Methodists Hold Annual Meeting

Praising the dedicated service of "sincere Christian people," the Rev. Clyde Herbert Snell, pastor of Clinton Avenue Methodist Church, outlined the accomplishments of the church in the past year at the fourth quarterly conference held Monday night at the church.

The Rev. W. Bernard Grossman, district superintendent of the Kingston District of the Methodist Church, presided at the conference and delivered a brief message to the congregation.

In his pastoral report the Rev. Dr. Snell reported that 49 people had joined the church, 12 of whom were young people from the confirmation class. He also reported that there was an actual 10 per cent increase which would mean about 75 new members during the year.

**Aid Missionaries**

He reported that the church has assumed the responsibility for about one-third the salary of Dr. and Mrs. John Skillman, missionaries to Japan.

Financial reports given by various organizations and officers also indicated progress. Accruals giving to the church had increased by more than 49 per cent during the year. The endowment fund had increased by about \$10,000 during the year, according to the board of trustees report.

Trustees elected for a three year term were Donald R. Hyatt, Thomas W. Miller and Floyd Wilbur.

Stewards, commissions, committees and officers of the church were elected by the conference to serve for the coming year.

**Report Given**

The following reports were given:

Commission on education, Mrs. Muriel Short; commission on finance, Keron O'Neill; commission on membership and evangelism, Russell Cogan; commission on missions, Mrs. Kenneth Tutwiler; WSCS, Mrs. Louis Becker; Senior Youth Fellowship, Winifred Shoemaker; Intermediate Youth Fellowship, David O'Neill; Gem Society, Mrs. Daniel N. Secore; Mizpah Class, Mrs. Thomas Miller; financial secretary, Arthur G. Crist; benevolence treasurer, Samuel Vaughn; current expense treasurer, Donald R. Hyatt; auditing committee, Jason Carl; trustees, John Barton, and lay leader, Thomas W. Miller.

The Rev. Mr. Grossman in closing the conference complimented the church for accepting the responsibility of supporting a minister in the foreign field. He said reports given indicated the progress and devotion of members of the church.

YOUNG STARS FOR MARCH OF DIMES

SHOW—This quartet of teenage singers, the Cascades, will be one of the featured acts in the March of Dimes Variety Show Monday, Feb. 2, at Kingston Municipal Auditorium. (l-r) Joseph Van Dyke, 17, Kingston High School sophomore;

Alverta Palmer, 17, a senior at the school; Bruce Baisden, 18, a former student there and Alfred Kauffmann, 19, of Ashokan, a 1958 honor graduate at Ontario High School. They are scheduled to audition for the Ted Mack Amateur Show.

## Air Force Stars Coming for Polio Show February 2

One of the greatest collections of fine entertainers are scheduled for this year's March of Dimes Variety Show Monday, Feb. 2, at Kingston Municipal Auditorium.

Sgt. Larry Snyder, local Air Force recruiter, who is chairman of the program says he has 13 acts ready for the date, including top talent from his own military organization. Tickets are being mailed to those who support the annual event. They are also on sale at

various places, including the Air Force recruiting station, 286 Fair Street.

Ten of the acts will be from Stewart Air Force Base, Newburgh, featuring Airmen with talent as entertainers.

Music will be by the 579th Eastern Air Defense Force band, Sgt. Snyder said.

One of three local acts will be the Cascades, four teenage singers—Joseph Van Dyke, Alverta Palmer, Bruce Baisden and Alfred Kauffmann—who are scheduled to audition for the Ted Mack Original Amateur Show.

"We are pleased to have this talented group of youngsters on the program," Snyder said.

The Cascades won a competition sponsored by the American Legion in Tillson, arranged by Peter Costa of Bloomington. They are to go to CBS-TV for their final try for the Mack show.

Sgt. Snyder said they will appear also in a March of Dimes show at Ontario Central School, January 26, and another at Saugerties Municipal Auditorium January 30.

All of the March of Dimes shows, including the Kingston one, are scheduled to start at 8 p. m.

The programs will run about

an hour and a half, Sgt. Snyder said.

Sgt. Snyder has been interested in March of Dimes shows for the past two years, and has brought in Air Force talent that highly pleased local audiences.

As chairman this year, his aim is to produce one of the best shows ever staged in the name of fighting polio and other ills now helped by the March of Dimes.

Stationed here as a recruiter for five years, Snyder is to leave for Florida in July, he said. He'd like his local record to show a big success for the 1959 Varieties.

### Arrives in Germany

Sgt. Frank R. Humphrey, son of Mr. and Mrs. Norwood R. Humphrey, 9 E. Pierpont Street, recently arrived in Germany with the 504th Infantry.

Formerly assigned to the 82nd Airborne Division at Fort Bragg, N. C., the unit is now a part of the 5th Infantry Division in Mainz.

Sgt. Humphrey, a squad leader in the 504th's Company A, entered the Army in 1949.

## Today's Business Mirror

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP)—Uncle Sam is having a spate of friends or guests these days seeking credit or trade pacts. None seems to be worrying about the health of the U.S. dollar. What they'd like is more of them.

Anastas I. Mikoyan is on his way home to Moscow after talking trade and credit with government officials and businessmen and bankers from coast to coast.

There have been rumors that he made some deals. Most of these have been denied promptly. Washington officials have scoffed at much change in the

volume of trade with Russia, saying there is little Russia has to export that we want, and that what Russia mainly wants here comes under our embargo list of strategic materials.

As for credit, these officials have said that Moscow's credit is no better now than it has been, in view of past defaults on loans.

Our friends are faring better here. Dr. Arturo Frondizi, President of Argentina, is here for a state visit designed to emphasize the good will this nation and Argentina have for each other.

Argentina's good will toward us has just been enhanced by some 329 million Yankee dollars. These came from U.S. government lend-

ing agencies, the International Monetary Fund in which Uncle Sam is a prime factor, and from private American banks.

President de Gaulle's government this week got a two-year standby credit of 200 million dollars from 21 American banks. The fund is to be used if the French franc needs further stabilization. Americans have credit negotiations under way with a number of other lands. The desire for the Yankee dollar hasn't slackened a bit.

### Rattles

Age of a rattlesnake cannot be determined definitely by the number of its rattles. Often, in molting, no rattle is left and, in the case of an old snake, a bunch of rattles may break off and only one or two be left.

KINGSTON, NEW YORK, JANUARY 22, 1959

ULSTER'S SHARE \$44,241,120  
President Eisenhower's \$77 billion budget will impose a tax burden of \$44,241,120 upon the residents of Ulster County, according to an estimate made by the Empire State Chamber of Commerce. This is \$1,778,838 more than the tax burden imposed on local residents in the President's budget message a year ago.

The total New York State share of this budget will be \$10,533,600,000 an increase of \$423,532,800 over last year.

This added tax burden is nearly double the amount Governor Rockefeller estimates will be needed in new revenue to maintain New York's State government services at current levels. New York's share of the tax cost is about equal to the burden of 26 other states.

The New York State Legislature has voted to raise gasoline taxes two cents a gallon and Diesel fuel oil three cents a gallon effective March 1.

Governor Rockefeller is reported considering increases in cigarette taxes and also income taxes. A withholding tax looms with prospects of changes in exemptions and rates together with additional brackets.

There was talk of a drive to bring new industries into the state. We don't believe that burdening residents of this state with new and additional taxes will help the cause.

Budgets must be met with taxes and as budgets go up, taxes must keep pace. Cutting out waste to lower expenditures and reducing all but vital services will help hold the tax line.

The administration tells department heads to stick with the budget and not ask for more money. Let's hope it will be more successful than most husbands who order their wives to stay within the family budget.

Senator Humphrey says Khrushchev was amused at the idea of agricultural surpluses. Wonder if Mikoyan was amused when he was a target of surplus eggs in Detroit and San Francisco?

VENGEANCE IN CUBA

The wholesale, summary executions of pro-Batista people by the victorious forces of Cuban rebel Fidel Castro can make no one happy who believes in the orderly processes of justice.

There can be no condoning of these mass "liquidations" anywhere at any time. But we must still understand that Castro's rebels had very powerful provocation from thousands who served the obviously brutal Batista regime.

Rebel prisoners were murdered, tortured and otherwise victimized. Under Batista's tight clamps, full word of these crimes did not come out until now.

Put together hot Latin tempers and the frustrations the rebels felt from enduring these brutalities for long, long months, and you have the explosive result splashed in world headlines today.

The reaction of protest is to be expected from many quarters. But it has to be noted, in all honesty, that some of those who now deplore did not complain of Batista's repressions with similar vigor.

Outrage against brutality must inevitably lose some of its force if it is not voiced impartially against all perpetrators of violence.

Certainly it is regrettable that Castro and his men, whose cause has stirred considerable sympathy beyond Cuba's island borders, should feel compelled to stamp out their enemies with such sudden ferocity.

We know the people they are eliminating showed no less ferocity. But Castro cannot hope to hold any part of the world's sympathy for long if he does not quickly turn from the extremes of this first "release" and apply the principles of calm jus-

'These Days'

By GEORGE SOKOLSKY  
THE AMAZING ODYSSEY

Anastas Mikoyan has come and gone and he has not conquered. Except for a few bankers and manufacturers, the country paid little heed to him because it was not believed by the man on the street that so much hocus-pocus had to be practiced to accomplish any good. A man who has a straightforward proposition to make comes forth with it in a straightforward manner. Mikoyan played tricks in order to soften up the American people for his reception. We do not need softening up. We need and want the truth.

It is difficult to estimate what the effect of this visit will have on war and peace relations between the United States and Soviet Russia. In the United States, Mikoyan's visit back-fired because it was over-staged. Even when the Queen of the United Kingdom was here, no such fuss was made, and Mikoyan is only Number 2 or 3 in the Soviet hierarchy. In New York, people were actually kept from their homes while Mikoyan moved from place to place. The fear was that he might be assassinated, but if he came as a tourist, why the heavy police escort? This city and Washington are full of tourists who go from place to place without a mob of police.

For the first time, citizens learned that the State Department has a police (security) force of its own. This is not desirable. We are being over-policed and the citizen, who foots the bill, is required to make way for any kind of alien the State Department chooses to guard. Mikoyan himself complained over the air that he was being too well guarded. A citizen has the right to the use of the streets and when steps are taken to close streets, either by barricades or by blinding searchlights in order to prevent an unpopular alien from being assassinated, the protection can reach a point of absurdity.

Mikoyan, although he sounded glib, did not answer questions honestly or adequately. He fenced and side-stepped. Whoever handled him, whoever prepared him for this trip, was not a competent public relations man, because a first-rate P.R. would have told him that rather than to appear to be, it is better not to answer at all. Americans do not go for wise-cracks unless done by a professional like Bob Hope or Jack Benny. A wise-crack must be timed carefully. Our politicians have learned the peril of it and only Franklin D. Roosevelt used it to full advantage, he being gifted in voice and manner for it. Mikoyan's wise-cracks often sounded like overt criticism of the country whose guest he was supposed to be and sometimes even like a veiled threat. The fact is that many who attended dinners or luncheons in his honor have been apologizing for it, indicating either that they went to see but were unimpressed by him, or that they wanted to ask questions, the better to inform him. It is a pity that Senator Hubert Humphrey got so mixed up in this thing; it has ruined his chances for 1960.

The poorest showing that Mikoyan made anywhere was on "Meet the Press" where he was given an intellectual work-out and ducked and dodged until he came out with this formula for solving the world's problems:

1. The United States and her allies to get out of West Berlin;
2. The United States to get out of Formosa and move to the Philippines;
3. East Berlin not to be united with West Berlin because East Berlin is the capital of East Germany.

In a word, it is all take and no give. Except for a few empty compliments which added nothing to reality, Mikoyan, on this hour-long program, gave not an inch but expected the United States to give a mile. The impudence of the man is astonishing, for while he asks that we be friends with Soviet Russia, he is not prepared to offer a realistic proposal for settling a single outstanding question. It is apparent that he took the same attitude in his talks with Secretary of State John Foster Dulles and President Eisenhower.

What Mikoyan hoped to accomplish by his visit, must remain a guess. Despite the vast preparations by amateur diplomats, he did not succeed in convincing our people that we must give way to Soviet policy.

Medical Groups Lead Way in Fight Against Rheumatism  
BY EDWIN P. JORDAN, M.D.  
Written for NEA Service

It was only about 30 years ago that two or three dozen physicians, who had a special interest in rheumatic diseases, organized the American Rheumatism Association. This is a voluntary medical society designed to encourage study of the rheumatic disorders.

Since that time the association has grown to include several hundred physicians in the United States and Canada, has held annual meetings, and through its membership has presented a great deal of information in the field.

Also, financial support for medical research and the training of specialized physicians has increased greatly, principally because of the establishment of the Arthritis and Rheumatism Foundation.

The name "rheumatism" covers a number of different diseases. The most important of these are rheumatoid arthritis, rheumatic fever, degenerative joint disease, fibrositis, gout, muscular rheumatism, spinal arthritis, juvenile arthritis (Still's disease), bacterial arthritis, tuberculosis of the joints, and of course, a number of less common or less well known varieties.

In many of these the cause is not known. In some it is still uncertain as to whether the diseases are truly different or only different forms of the same disease.

During the past few years a great deal of information has been obtained on almost all forms of rheumatic diseases. For example, encouraging reports have appeared on a test which can be used with reasonable success in the early diagnosis of rheumatoid arthritis.

Also, the relationship between sore throat caused by streptococci and rheumatic fever has become so clear that steps taken to prevent or control sore throats of this nature have reduced the chances of developing rheumatic fever.

The question of treatment has been by no means neglected. But it certainly cannot be claimed that this is satisfactory, except for the relatively rare forms of joint disease caused by germs which yield to antibiotics. Nevertheless, much more is known on the value of rest, of physical therapy, of drugs and other methods of bringing relief.

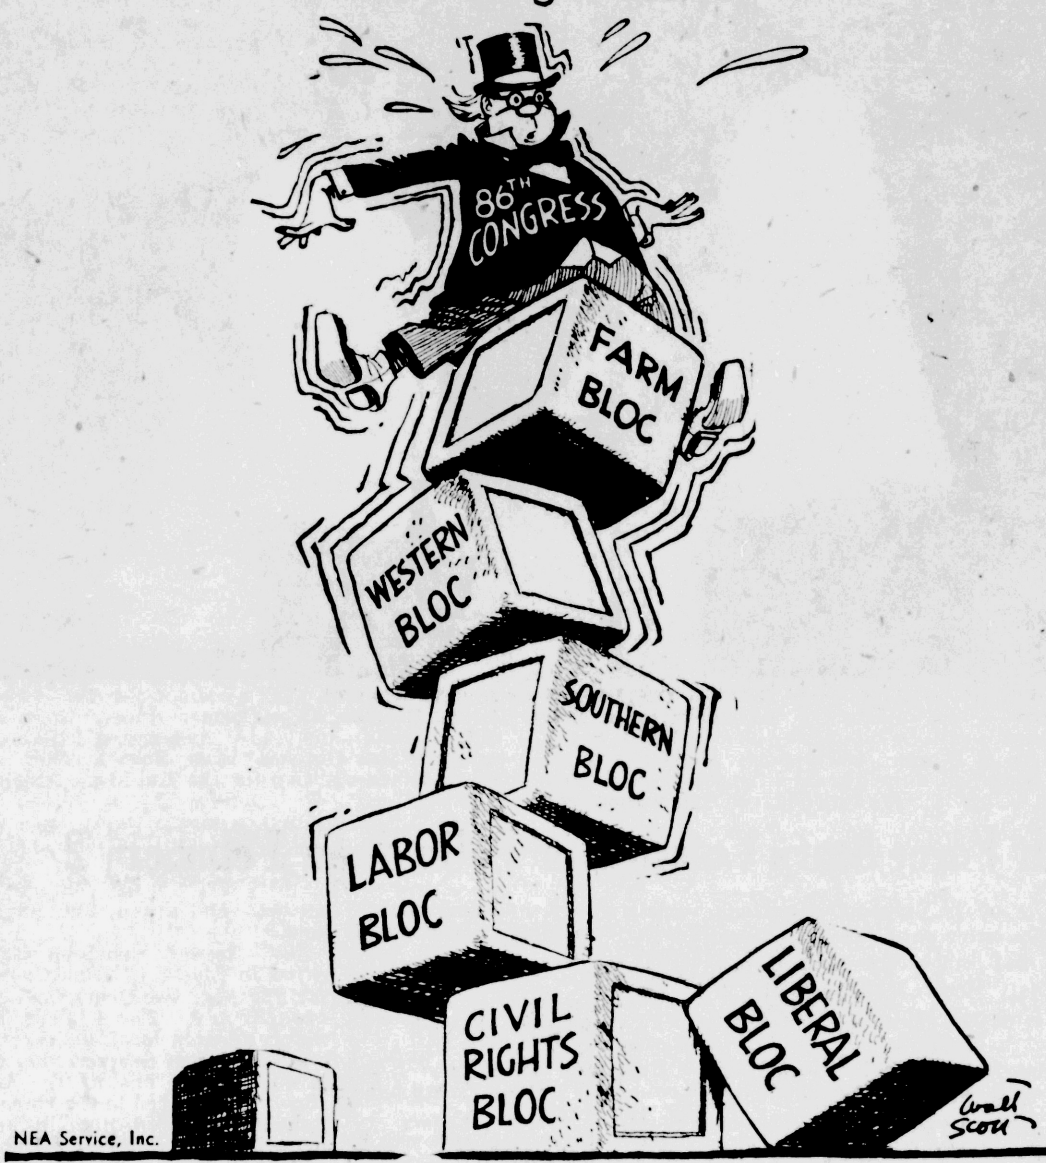

Shortly after I first became interested in this field I went to Vienna. While there a world-famous pathologist, to whom I had a letter of introduction, asked me what I was working on. I replied that it was arthritis, but I found progress exceedingly slow.

He patted me gently on the back and said, "Young man, remember that all easy problems in medicine have already been solved."

He was right, including a full and fair trial, to the Batista supporters now in his hands.

They may deserve to die for unspeakable crimes. But how they deserve this fate must be shown in ways all just men can accept. If it is not, the world is not likely to believe that Cuba gained in trading Batista for Castro.

Stumbling Blocs?

WASHINGTON (NEA)—President Dwight D. Eisenhower and United Auto Workers' President Walter Reuther agree on one thing, anyway, even if they are poles apart politically. Both think there should be a new citizens' committee to study social trends for the future.

President Eisenhower made his proposal in his State of the Union message to Congress. Two days previously, President Reuther had made the same appeal in a talk before an AFL-CIO Industrial Unions conference on labor and science, here in Washington.

NO CONCLUSION SHOULD be drawn that Eisenhower took his idea from Reuther. The President cited a previous Committee on Recent Social Trends, appointed by President Herbert Hoover in 1929, as his inspiration.

But when Walter Reuther came up with an idea Herbert Hoover had 30 years ago, and Dwight Eisenhower can endorse it, there's more than mere coincidence involved.

The problems of 1929 are the problems of today. By name: technical advances, unemployment, recreation, rural migration to the cities, slums, housing, longer life, more old people, more leisure.

Three hundred experts worked three years to prepare three volumes in the Hoover report. One conclusion was that U. S. population—then 120 million, would advance to 145 million and stabilize. It missed that one a mile.

Population today is 175 million and President Eisenhower is worrying about growth to 190 million by 1965. So he calls for the establishment of new "National Goals," which he did not specify, but which match Reuther's ideas, in part.

Reuther called the President's balanced budget "a flight from reality" because "You can't have a balanced economy without full employment." To achieve that, Reuther called for new "national priorities for survival" and listed five:

GET AMERICA BACK to work on full production. The 140 billion dollars' worth of national production lost in the last five years, says Reuther, would have built five million houses, 6,000 new school rooms, doubled social security benefits, increased foreign aid and still left money to balance the budget.

After getting the economy in order, do something about education. It is noteworthy that the one example President Eisenhower gave was the need for increasing teachers' pay. Reuther said the average teacher gets less than a General Motors sweeper—who isn't paid too much—but the teacher is paid too little.

Foreign aid, President Eisenhower merely told Congress he had appointed another committee to appraise military and economic aid programs. Reuther thinks he has the answers. "It would be tragic," he says, "if we quit trying to play Santa Claus to the world. It would be tragic if we put all our emphasis on military power."

Revitalize the free market place of ideas. This was a subject on which President Eisenhower did not dwell, though he talked about "freedom" broadly. To Reuther, the important thing is that though McCarthyism is no longer in the headlines, people are still afraid to say what they think.

HE ADMITTED SOMEWHAT proudly that the National Association of Manufacturers' News called him, "the most dangerous man in America." In reply, he declared that NAM's effort to repeal the 20th century by waging class warfare would not work. He called for free labor and free management to meet and agree on human survival.

Study what free people can do with their leisure. "I'm frightened," said Reuther, "by a four-day week which gives us one more day in which to watch TV westerns."

Reuther admits that the old-time craftsman got satisfaction out of his labor. But he said the new man at the punchboard, which industry has created, "doesn't know what comes out the other end unless somebody tells him."

In conclusion he called for a permanent, bipartisan citizens' committee to recommend to Congress and the President what to do about solving the problems of the inner man before they solved the problems of the material man.

Since the two men seem to be thinking alike on most parts of this idea, it will be interesting to see if President Eisenhower delegates Reuther to his committee.

Eisenhower Record Called Key to Elections in 1960

By DAVID LAWRENCE

WASHINGTON—The Republican National Committee's meeting in Des Moines this week focuses attention on two questions—why did the Republicans lose the last election? What do they intend to do about the 1960 election?

As of this writing and assuming no substantial change for the better in the economic situation, the Republicans are doomed to defeat again no matter whether they nominate Nixon or Rockefeller.

The man who holds the key to 1960 is President Eisenhower. If his record in the next eighteen months is outstanding and business is booming, the Republican nominee can win—either Nixon or Rockefeller.

At the moment Nixon is a part of the Eisenhower administration and will naturally defend it vigorously if he is nominated. Rockefeller was reported last autumn to have maneuvered away from the Eisenhower administration and actually to have won some Democratic votes that way during his campaign for Governor of New York State. Some time between now and the Republican national convention in 1960, Rockefeller will have to demonstrate that he is strongly behind the Eisenhower administration and that he is willing to defend it wholeheartedly. Unless he does, he cannot win conservative support for the nomination, and it so happens that conservatives do play a very influential part in the Republican party.

The argument that "Rockefeller can win the election but Nixon can't" is being heard now, just as in 1952 it was being said that "Ike can win but Taft can't." This correspondent thought so, too, before the convention, but after examining the election returns, came to the conclusion that any Republican nominee, including Senator Taft, could have won, and wrote that comment within a week after the election in 1952.

The Truman administration in power in 1952 was not popular—any Republican nominee for the Presidency could have benefited by its shortcomings. Ike's personal popularity did swell the majority, but the verdict of the country was anti-Truman and not pro-Republican.

Democrats Favored  
The 1952 experience may have a significant meaning to the Democrats this time. As of today, any Democrat of prominence could win the Presidency because the trend is against the Eisenhower administration due primarily to economic adversity—for the country has not yet

So They Say..

If we copy European education, we will have "casto" schools. Only a handful of students—the few superior minds—would go to high school and then on to college. Apparently this is what some Americans want, whether they realize it or not.

—Prof. Harold G. Shane of Northwestern University.

The blunt truth is that the schools are filled with students of high capacity who somehow never realize their talents. They may be so uninspired, so unchallenged, so bored they fail as many subjects as they pass. Teachers know them as "gifted drifters."

—Dr. Milton M. Klein of Long Island (N.Y.) University.

Apparently the Democratic Advisory Council still visualizes pie-in-the-sky. They propose a political appeal program (for the new regime) of something for everyone, which always ends up with nothing for anyone.

—Rep. Leslie C. Arends (R-Ill.).

**Engineers Hear Behan**

A regular monthly meeting of the Ulster County Chapter of the New York State Society of Professional Engineers, was held Wednesday at the Kirkland Hotel. Thomas Behan an attorney from the legal staff of the IBM Corp. was guest speaker. Behan's topic concerned the legal aspect of engineering dealing with the reason for licensing of engineers, the finality of an engineer's decision regarding contracts and payments and the liability of the engineer to the public for proper design and supervision of construction projects. Plans were discussed and formulated for the local Chapter's observance of National Engineers' Week, Feb. 22-28.

**Thousands Left Homeless****Millions Suffer as Floods Ravage Sectors of Nation****By THE ASSOCIATED PRESS**

Winter's most destructive and bitter elements — floods, snow storms and cold — dealt misery and suffering to millions across the eastern half of the nation today.

Thousands were homeless in floods in Ohio, Kentucky, Pennsylvania and Indiana. Scores of rivers and streams, fed by heavy rains and snow, overflowed.

Flash floods harassed a dozen upstate New York communities, forcing many families to evacuate their homes. Damage was estimated in the millions of dollars.

Deaths related to the violent weather and floods mounted. The latest count was 45.

**Emergency Declared**

States of emergency were declared in many Ohio cities and in at least two New York communities.

At Mount Vernon, in central Ohio, about a third of the city's 15,000 residents were taken from their homes after the Kankakee River had flooded, smashing through dikes in the downtown district.

Most of the 500 families in New Miami, in southwestern Ohio, were evacuated by overflows from the Ohio River.

**Make Disaster Plans**

Disaster plans were set up, and National Guard units joined civilian workers in some of the flood-

stricken areas.

The blockbuster snow storm, which swept out of the Great Plains and dumped up to a foot of snow across the midlands, curtailed normal activities in hundreds of communities.

The biting, stiff winds which swirled the snow into big drifts paralyzed travel in many areas.

**Travel Stalled**

Travel was stalled in the big cities where the job of snow removal was the No. 1 problem. Crews worked around the clock to clear the main arteries. Driving winds added further woes to their work in getting rid of the tons of snow.

Zero weather followed the snow into the storm-battered Midwest. It was from zero to 10 below in the upper Mississippi Valley and northern plains.

Strong west to northwesterly winds fanned the cold air into the Ohio Valley and to the Gulf, ending a brief period of spring-like temperatures.

**100 Mile Winds**

Wind gusts up to 100 m.p.h. lashed sections of western North Carolina during the night as the cold front moved across the state. Torrential rains pounded Asheville.

Tornado winds dealt death and destruction in Kentucky. Twisters skipped across farming communities in Grayson County, 75 miles southwest of Louisville, killing two persons. A woman was killed and

three other persons were injured in Lexington when a television tower toppled and crashed into the studio. Strong winds buffeted areas in central and western Kentucky.

**Areas Hit Hard**

In Ohio, communities hardest hit by floods included Mount Vernon, Newark and suburban Hanover, New Miami, St. Marys, and Columbus.

In Pennsylvania, six communities in the western section reported some flooding from the ice-jammed and swollen creeks. They were Sharon, Oil City, Franklin, Meadville, East Greenville and Kennard. Some families were evacuated in Sharon as the Shango River continued to rise.

Rivers also were rising steadily in Pittsburgh, and fears of flooding mounted at cities along the Allegheny River as ice gorges began cracking up.

Strong southerly winds along the Eastern seaboard intensified the cold front which advanced into the western section of the Atlantic Coast states. Violent thunderstorms which hit the region Wednesday diminished. However, showers and thundershowers were general from Georgia northward into Maine.

**59 at New York**

In areas not hit by the cold front, temperatures ranged from the 70s in Florida to the 60s from Georgia into the Carolinas. In the 50s through New York, and the 40s and 30s in the extreme northern areas. New York City's 59 was near the record high of 61.3 for the date.

Heaviest snow during the night was in lower Michigan and the northwest tip of Indiana. At South Bend, Ind., one of the cities hardest hit by last week end's snow storm, seven more inches of snow

fell, making a total snow cover of more than two feet. Falls in lower Michigan, mostly in western sections, were three to five inches. Nearly normal winter weather prevailed west of the Rockies.

**Actress Returns to Clinic**

HOLLYWOOD (AP) — Actress Gene Tierney has withdrawn from a comeback movie role and returned to a mental institution, her studio says.

The 20th Century Fox Studio said Wednesday Miss Tierney has re-entered the Menninger Clinic at Topeka, Kan. She withdrew from the movie "Holiday For Lovers," which begins shooting in 30 days.

Miss Tierney, 37, spent eight months in the institution before being discharged last September. She had spent 18 months earlier in a private institution in Hartford, Conn.

# U.S. Determined To Reduce Costs At Scotia Depot

WASHINGTON (AP)—The Navy is making no firm promises to continue full-scale operation of the Scotia, N. Y., naval supply depot.

Secretary of the Navy Thomas S. Gates Jr. met with New York members of Congress Wednesday and said he would consider several proposals made by the group. But the Navy, he added, is determined to cut costs at the depot.

The Navy has announced plans to transfer or dismiss the approximately 675 civilian employees at Scotia. It said it plans to transfer 165 workers to Philadelphia and dismiss 300 others by Dec. 31, 1959. It said 210 will be retained by the General Services Administration for GSA functions to be continued at Scotia.

**Wharton at Meeting**  
Sens. Jacob K. Javits (R) and Kenneth B. Keating (R), Reps. Leo W. O'Brien (D), Samuel S. Stratton (D) and J. Ernest Wharton (R), and officials of the Federal Employees Veterans Assn. met with Gates and his aides in Javits' office in an attempt to halt or at least ease the impact of the order.

"The secretary and his aides were firm in their determination to go through with their plan to save money," Javits told reporters. "We were equally firm in our efforts to retain the employment and get more if possible."

He said the Navy estimates a manpower saving of 160 persons by moving the hydrographic office from Scotia to Philadelphia.

"The secretary, however, said he would consider our plea that these hydrographic functions be retained at Scotia on the basis of figures given him to show there would be little saving," Javits said.

**More Time Sought**  
Keating and Stratton said Gates also promised to look into proposals to transfer new activities to Scotia which might prevent dismissals.

All of the congressmen said they will contact GSA officials to see if that agency can consolidate some functions at Scotia and thereby employ more than 210 persons it now estimates it will employ there.

"As a lesser alternative," Keating said, "we have asked the Navy to lengthen the time in which it plans to cease its operations at Scotia in order to permit the Schenectady area to bounce back economically and take up the slack."

Stratton said he and worker representatives pointed out that it would take up to two years for the Navy to show savings on transferring the hydrographic office from Scotia and insisted it would be no real saving.

"We urged instead," Stratton said, "that the Navy consolidate its hydrographic work at Scotia and boost employment. In any event we urged that they defer the transfer to lessen the impact."

"This is not the last shot in the battle," Javits declared. "We will continue our efforts for this facility. I think the presence of both senators and the representatives of the area demonstrated to the secretary and his aides that we can do business."

**Survey Reveals:**  
**Value of Store Stamps Offsets Increased Costs**

WASHINGTON (AP)—A survey shows that customers pay more for food at supermarkets which give trading stamps, but the added cost is more than offset by the value of the stamps.

The Agriculture Department, reporting this today, said its study in 21 cities showed that food prices in stamp-giving stores averaged six-tenths of one per cent more than those in nonstamp supermarkets.

But the value of the stamps amounted to about 2 per cent of the money spent at stores giving stamps, the studies showed.

The survey covered the period from November 1953 to March 1957.

The survey was made because of widespread use of stamps and because of legal and other controversies surrounding them.

## AFL-CIO Spurns Ike's Wage Plea, Maps New Boost

WASHINGTON (AP) — AFL-CIO leaders, spurning President Eisenhower's renewed plea to curb wage increases, meet today to chart a new drive for pay boosts.

Al G. Hayes, president of the Machinists Union, said in advance of a meeting of the AFL-CIO Economic Policy Committee he does not agree with the President's wage-price policies.

Saying prices and overly high profits are to blame for inflation, Hayes added that "I don't agree with the implication that decent wage rates are responsible."

"It is misleading to the American people," Hayes is a member of the AFL-

CIO policy group headed by United Auto Workers chief Walter Reuther. Its position has been that wages are too low in relation to costs and profits.

The President's annual economic message to Congress Tuesday said most indicators are pointing upward but renewed inflation could retard recovery prospects.

Eisenhower urged business to keep down prices and labor to confine wage increases to improved output.

ROANOKE, Va. (AP) — "Watcha got today?" A Roanoke hot dog stand proprietor has the answer to this question ready made. His menu is posted on the wall, but he hands an inquirer a lengthy menu in French from a famous Montreal restaurant. Old customers roar with laughter at the puzzled looks it brings.

Senators Accept Goldwater As '60 Campaign Leader

WASHINGTON (AP) — Republican senators accepted Sen. Barry Goldwater (R-Ariz) as their 1959-60 campaign chairman Wednesday after opposition from self-styled liberals among them had wilted.

Sen. Leverett Saltonstall (Mass), chairman of the conference of all Republican senators, said the group had given unanimous ratification to his appointment of Goldwater to head the campaign committee.

Saltonstall also named these other members: Sens. Alexander Wiley (Wis); Homer E. Capehart (Ind); Frank Carlson (Kan); Wallace F. Bennett (Utah); Prescott Bush (Conn);

Sen. John Sherman Cooper (Ky) had led the opposition to Goldwater. He had contended publicly that selection of the Arizonan might invite Democratic allegations that Republicans are anti-labor. Goldwater says he is not anti-labor at all.

**Rail Ferry Damaged**  
HOBOKEN, N. J. (AP) — A Lackawanna Railroad ferry received slight damage to a bow rail in a minor collision with another Lackawanna ferryboat on the fog-shrouded Hudson River today.

The damage was to the ferry Scranton. The other vessel, the Binghamton, received none. No one was injured and both boats proceeded with their runs after the bump.

The railroad's ferry master here said the Binghamton was on its way to New York and the Scranton was bound for Hoboken.

government of the people, by the people and for the people," Kurdt said.

He outlined the establishment of the New York-Vermont Commission for the Champlain Basin, Governor Harriman's Committee for the Celebration and the establishment of the Temporary State Commission on Historic Observances by the Legislature.

The latter broadened the somewhat designated 1959 as New York's Year of History. In chronological order the organization of the Hudson Valley Council and the creation of the Hudson - Champlain Celebration Commission by the Congress of the United States followed. The promotion of the 350th anniversary of the Henry Hudson's exploration of the Hudson River and the 350th anniversary of the discovery of Lake Champlain.

Attention was called to the fact that the New York State Thruway on the west side of the lake and the Ticonderoga Parkway on the east side caused many people to pass by who previously visited the area. "It is important that all citizens join

## 4 Jaycees Going To State Parley

The annual Distinguished Service Awards meeting and banquet of the New York State Junior Chamber of Commerce will be held in Rochester, Jan. 23 and 24. Representing the Kingston Jaycees will be Morton E. Gazlay, president and John R. Shults Jr., past president. The delegates will leave for Rochester Friday afternoon.

The meeting is held to honor the five most outstanding young men in New York State and to present to them the Jaycee Distinguished Service Awards. The recipients do not have to be members of the Jaycees. Those being honored at Rochester are further recommended for national awards in competition with recipients from other states, wherein the ten outstanding young men in the nation are accorded special recognition.

## Ulrich Is Alternate

Henry Ulrich, a vice-president of the Hudson Valley Volunteer Firemen's Association representing Ulster County, was named alternate delegate to the annual H. V. V. F. A. convention to be held in Catskill in June, not Harry Albright. Ulrich was named at the monthly meeting of the Ulster County Volunteer Firemen's Association Tuesday night. Arthur Hahn of Binnewater, president of the County Association, was named delegate.

More than 200 attended the second annual mother and son World Service banquet Tuesday night at the YMCA.

Robert Baxter, winner of the award for the largest number of candy sales in the local World Service program presented a check for \$200, proceeds of the sale, to Herbert DeKay, president of YMCA board of directors. Louis Costello received an award for second place. Bruce Leighton of Mt. Marion was declared the winner of a special award.

Chester Baltz, chairman of the youth committee served as toastmaster.

## Judge's Secretary Surrenders; Mum On Loan Fraud

NEW YORK (AP) — Mrs. Norma Bucher, private secretary to former Westchester Judge George A. Brenner — indicted in a \$318,000 loan-fraud case — has surrendered to authorities. But she refuses to answer any questions. Mrs. Bucher, 45, missing from her White Plains home for a week, walked into the office of Dist. Atty. Frank S. Hogan Wednesday. She was accompanied by an attorney.

After refusing to talk, she was released in \$2,500 bail as a material witness. Brenner, 55, remained in critical condition at Misericordia Hospital. He was involved in an automobile crash last Jan. 12. Mrs. Bucher, mother of two, is secretary to Brenner in a corporation that operates the Shelton Towers hotel in Manhattan. Brenner, onetime Westchester County Democratic leader, was indicted Tuesday by a New York County grand jury on charges of using forged bank checks as collateral to get loans totaling \$318,000.

## To Recruit USAF Nurses February 3

Captain Doris E. Payne, USAF nurse procurement officer will be in Kingston February 3 to interview any young lady who is interested in the USAF nurse program and who desires any information concerning the program.

Captain Payne will be at the USAF Recruiting Office, 286 Fair Street and anyone desiring an appointment may call T/Sgt. Larry Snyder.

The U. S. Air Force Nurse Corps became a separate corps on July 1, 1949, and since that time has made tremendous strides toward a highly professional and military corps.

The outstanding work done by flight nurses in World War 2 and in Korea is well-known. The flight nurse school is located at Gunter Air Force Base, Montgomery, Ala., and Air Force nurses physically qualified may attend this school and study such subjects as aviation physiology, psychology, nursing procedures for in-flight care of patients and newest developments in therapeutics.

Bears have a very keen sense of smell and are able to hear fairly well, but they see poorly with their small eyes.

## Nobel Winner

### Pasternak Now Willing to Tour

LONDON (AP) — Boris Pasternak, the Russian author called a traitor by Soviet authorities after winning the Nobel Prize for Literature, reportedly is willing now to make a six-week lecture tour of the United States and Britain. Jose Villalonga, noted Spanish author, and Prof. Philip Hallie of Vanderbilt University are seeking to arrange the tour.

Villalonga, who lives in Paris, said Wednesday night he had assurances "through diplomatic channels that Pasternak would be willing to come."

The Soviet government warned Pasternak last November that if he left the Soviet Union to accept the Nobel prize, he would not be allowed to return. The 69-year-old writer renounced the prize and said he could not "imagine my fate apart from Russia and outside her."

To go beyond the frontier of my motherland is to me equal to death. Pasternak was designated last October for the Nobel prize primarily because of his novel "Doctor Zhivago," which paints a grim picture of Russian life under communism. The Kremlin retaliated by unleashing severe criticism of the writer and his novel, which has been published in 13 languages abroad but is banned in the Soviet Union.

## Spoil Sport

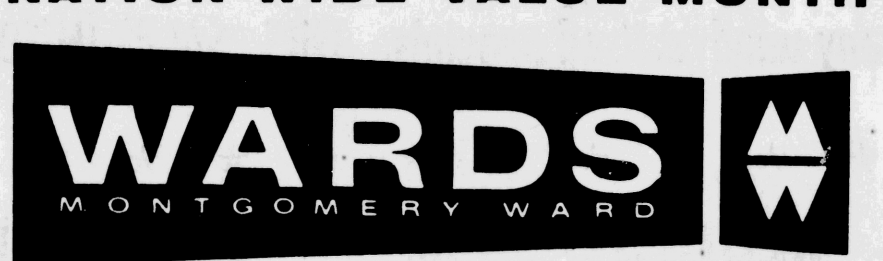

PHOENIX, Ariz. (AP) — A sheriff's deputy broke up a nude swimming party in an irrigation ditch. Deputy R. A. Brankowski said the six nude swimmers ran home crying after he appeared. All were about 8 or 9 years old.

## Trade POW Charges

PANMUNJOM, Korea (AP) — The U. N. Command today demanded an accounting of 2,147 Allied prisoners still missing from the Korean War.

The Communists promptly rejected the demand and charged that the Allies are detaining 98,742 Communist war prisoners. The demands and charges were made at a meeting of the Military Armistice Commission in the demilitarized zone here.

## Strike Action Collapses

BUENOS AIRES, Argentina (AP) — The hard core of the general strike against President Arturo Frondizi's austerity program collapsed Wednesday night. Peronist leaders of 62 unions voted in a secret meeting to send their members back to work today. It was believed holdouts, mostly industrial workers, would return to their jobs in droves.

## Tests for Case Workers Planned For March 14

Examinations for 200 statewide vacancies for case workers will be held March 14 under the supervision of the New York State Department of Civil Service.

Applications will be accepted up to February 13.

Thomas Bohan, executive secretary of the Ulster County Civil Service Commission, said today that the county would appoint local residents only. Salary in Ulster County begins at \$4,040.

The eligible list resulting from this examination may also be used by other jurisdictions, except in New York City, in which vacancies occur at a later date.

This list will not supersede the previous lists established for this title. The earlier lists will continue to be used until they are exhausted or expire.

Bohan described the vacancies as opportunities for college seniors and graduates. He also called attention to the fact that the applicant must be medically and physically capable of performing the duties of the position and may be required to take an examination to establish this fact.

Application forms may be obtained from the local Civil Service office, 32 Main Street.

### Coronation Film Opens

NEW YORK (AP)—A special film, "The Coronation of Pope John XXIII," produced by Louis de Rochemont Associates, made its debut at the Rivoli theater here. It was photographed with the TODD-AO process.

## Chambers School P-TA Sees Films, To Invite Rigby

The Chambers School Parent-Teachers Association meeting Tuesday night was well-attended despite inclement weather, the members enjoying a film entitled "Europe" followed by a social and refreshments.

It was decided to extend an invitation to Harry Rigby Jr., to speak to the association at a future meeting on the Community College which has been approved by the Ulster County Board of Supervisors.

The following nominating committee was approved to submit a slate of officers at the March 10 meeting: Donald F. Raftery, George Stall, Mrs. Harold Baltz, Mrs. J. Senor, Mrs. Muriel Short. It was also decided to send a representative to the meetings of the Kingston Board of Education—Consolidated.

A card party is planned for some time in April.

At the March meeting there will be a discussion of the enlarged city school district building program and transportation. Leslie Hotelling, president of the association, presided.

## Alaskan Governor Is Holding Own

SEATTLE, Wash. (AP)—William A. Egan, Alaska's young Democratic governor who has been hospitalized since his inauguration, was reported resting comfortably today.

Dr. Henry Bosshard, resident surgeon at the hospital where Egan underwent an emergency operation Tuesday, said he looked in on the governor late in the evening and found him still holding his own.

Egan, given only a 50-50 chance to recover when he was operated on for a bowel obstruction and paralysis of the abdomen, showed some improvement Wednesday afternoon.

"So far it looks encouraging," Dr. Joel W. Baker, head of the surgical team which performed the operation, said at mid-afternoon.

Egan remained on the hospital's critical list, and doctors said it would be several days before the outcome was assured.

### River Threatens Span

NORTH ADAMS, Mass. (AP)—Two bridges were tilted over and damaged and a third was threatened today by a swirling Hoosac River swollen from a heavy rainfall and thawing snow. The river undermined the pinnings under a bridge on Route 2 and one on Massachusetts Avenue and caused them to tip dangerously.

Traffic on Route 2—a main highway leading west—was closed to traffic.

Both bridges are near the scene of a flood control project and are scheduled to be replaced by a single, big bridge in the future. A new bridge farther along Route 2 was threatened when high water moved behind the bridge abutments.

## Modena

MODENA—The Modena Rod and Gun Club was host recently to a meeting of the County Federation of Sportsman's Club, at the Hasbrouck Memorial Hall.

Announcement is made of the engagement of Miss Jane Marie Eckert, daughter of Mr. and Mrs. George Eckert of Wallkill, formerly of Modena, to Frederick DeGraff, of Roscoe, son of Mr. and Mrs. Howard DeGraff of Gardiner.

Miss Eckert, a graduate of the Wallkill Central School, is employed at the Wallkill office of

the Valley National Bank. She is a granddaughter of the late Mr. and Mrs. George Alsdorf of Modena.

Mr. DeGraff is a graduate of the New Paltz High School, and is employed by the West Delaware Tunnel Construction at Roscoe.

Miss Marylou DuBois and guest Miss Helen Wilde of Montgomery, were in Kingston, Saturday.

Mr. and Mrs. Oliver T. Byrnes, of the Ardonia section, are parents of a son, Oliver Thomas III, born Wednesday, Jan. 7.

Bluegrass is the best grass for an attractive lawn in the northern Great Plains.

Mosquitoes can breed in any water that stands for four or five days.

## Weekly Food Review

By THE ASSOCIATED PRESS  
Bargain-hunting food shoppers will find leg of lamb at reduced prices in many of the nation's food stores this weekend.

Lamb chops and a combination offer of roast, chops and stew meat also are being offered. Prices vary widely in the New York metropolitan area, ranging from 39 cents a pound for the combination deal to 99 cents for loin chops. Legs are quoted at 59 cents a pound.

Increasing supplies of lamb are behind the lower prices and sales. Fresh and smoked hams are

featured in a number of stores. Specials on beef are few and far between. Chickens also are scarce, with prices marked up 2 to 4 cents a pound.

Eggs cost 2 to 6 cents a dozen more than last week. Snap beans, peppers, eggplant and yellow or green squash were marked up this week.

Best buys are endive, escarole, potatoes, mushrooms, Danish cabbage and such "root" crops as beets, carrots, parsnips and purple top turnips. Lettuce is a good buy. Other good buys include onions, pascal celery, spinach, new cabbage and broccoli. Florida oranges, grapefruit and

tangerines should not be too high. The most popular apple varieties are excellent buys, along with lemons. Rated as good buys are California's navel oranges, lemons and grapes. So are Oregon pears.

## Survival at Stake

READING, Pa. (AP)—If the urban church is to survive, it must welcome members regardless of race or social status, says the Rev. Walter Kloetzli, secretary of the National Lutheran Council. At a meeting on the problem here, he criticized the growing flight of pastors and congregations to the suburbs, leaving their former churches "as shells" in the downtown areas.

## Washington Day Dinner Tickets Are Selling Fast

Tickets for the Washington Day dinner sponsored by the Men's Club of Old Dutch Church are reported to be much in demand.

The dinner, which will be held at 6:30 p. m. Tuesday, Feb. 24, at Bethany Hall, Old Dutch Church, with Dr. W. H. Alexander, minister of the First Christian Church of Oklahoma City, Okla., as guest speaker, is already practically a sellout, al-

though some tickets are still available. Edward DeWitt is chairman of the ticket committee. The speaker is listed by the U. S. Chamber of Commerce as one of America's 10 top speakers, a man whose congregation has insured his life for almost half a million dollars.

Clair Sheaffer is general chairman for the 34th annual George Washington Day Dinner. Fred Supples is president of the Men's Club.

### Hot "Supper"

LOUISVILLE, Ky. (AP)—Police said three teenagers admitted breaking into a church and stealing a reproduction of Leonardo da Vinci's "The Last Supper." The boys said they couldn't find anyone to buy it.

## Plattekill

PLATTEKILL—Announcement has been made of the engagement of Miss Viola Ann DePew, daughter of Mr. and Mrs. William J. DePew Sr., of New Hurler, formerly of Plattekill, to Charles E. Henry, son of Mr. and Mrs. Charles Henry Sr. of Sa-tilton.

Miss DePew, a senior at the Wallkill Central School, is a granddaughter of the late Mr. and Mrs. Homer Sutton of Plattekill.

Mr. Henry is employed by a local contractor, William McAffee, of the Tuckers Corners Road, Plattekill.

Kenneth A. Paltridge visited relatives in Modena, Sunday. Vincent Gusofsky, a clerk for the State Bridge Authority, and employed on the Newburgh

Ferry service, says that river conditions have been exceptionally bad during the past weeks. With ice cakes collecting and blocking the path of the boats, they have been held up over a period of time in the middle of the river.

### Hasty Correction

DAYTON, Ohio (AP)—Officials of station WHIO-TV are hurriedly assuring area youngsters that Santa Claus is not dead. Apparently a lot of the small fry got the numbers mixed up when a program provided a telephone number for getting in touch with Santa. A funeral home reported about 50 calls.

Harvard College dates from 1636.

## BRIDGE

### Does East Pass, Double, or Bid

By OSWALD JACOBY  
Written for NEA Service

Take a look at the East hand only. Your partner opens one heart and you respond one spade. South bids three clubs and it is passed around to you. You are vulnerable and the opponents are not and the game is duplicate.

Should you double and try to set declarer four tricks or should you bid on and try for game?

Carlyn Brall of New York helped her team win the women's national championship by coming up with the right decision. She doubled!

Carful defense was needed to beat the hand four tricks. South had to make his king of spades

and dummy's ace of hearts and if he could also make four of his seven trumps he would be out for a three trick set.

On the first trick Carlyn took her ace of spades and continued the suit. South won and led the king of trumps. Carlyn won that and continued spades.

South ruffed and West over-ruffed. This left him with five trumps only. He already had a spade trick in and dummy's ace of hearts made a second trick for him but he could only make three of those five trumps and had to go down four tricks.

Scheherazade talked for 1,001 nights to keep her husband from killing her.

**Protests to Rocky****AFL-CIO Calls For Hearings on Future Tax Hikes**

ALBANY, N. Y. (AP) — Gov. Rockefeller should call public hearings in the future on any tax increases he proposes, the state AFL-CIO maintains.

The union's executive council sent Rockefeller a telegram Wednesday protesting the speed with which legislation increasing the gasoline tax was passed and signed Tuesday.

"This is not democratic government and we strongly protest your action and that of the Legislature," the council said.

Meanwhile, in Hudson Wednesday night, Democratic State Chairman Michael H. Prendergast said Republicans controlling the Legislature had "betrayed the people in the first major test" of the 1959 session.

Democrats, he said, opposed the tax increase and wanted to see the governor's budget before approving the gas tax.

Speaking at a dinner of the Hudson Democratic Committee, Prendergast said Republican lawmakers "chose an unprecedented departure from proper fiscal procedure."

"They have jumped through the first big hoop in the Rockefeller tax circus," Prendergast said, "and every time they jump, the taxpayers who must stand helplessly by, watching the performance, will be forced to shell out more money."

John Brown's raid on Harper's Ferry, Va., occurred on Oct. 16, 1859.

**Leaves From Boyle's Notebook**

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

The more you like your fellow man the easier it is for you to hold your job. The biggest single reason for dismissals in the business world is this: "He couldn't get along with other people."

If you're looking for the perfect weekend guest for your country place, don't overlook Secretary of State John Foster Dulles. He tells friends that washing dishes on vacation is his idea of "sheer recreation."

Speaking of vacations, someone overheard this remark: "The major trouble with this world is that the average woman wants a little more out of life than the average man can afford."

We brag about our cleanliness, but it is estimated there are still 8½ million U.S. homes without private bath or shower.

Remember when nearly every city man dreamed of retiring to the country and making an independent living off five acres? It's more of a nightmare today. The cost of farm land has risen 30 per cent since 1950—and in some areas it has tripled in the last 15 years.

While in Hollywood, says Lisa Kirk, she overheard a 10-year-old boy tell his girl friend: "I really love you. When we grow up, I want you to be my first wife!"

News note: "Woman faint and cry and live longer for it." But putting up with it sure kills off us men.

No wonder a baby grows at its

highest rate during the first year of life. Here's what it eats on the average: 765 cans of baby food, 337 cans of evaporated milk, 22 pounds of sugar and syrups, 30 cans of juices—plus all the crackers it doesn't throw on the floor.

Can you name the biggest college town in America? It's New York which now has 233,000 college students.

It was Edmund Burke who observed: "All that is necessary for the forces of evil to win in the world is for enough good men to do nothing."

**STEW TASTED:** It used to be popular for housewives with large families to keep a pot boiling in which scraps of meat and vegetables were kept. There was always stew ready, but how it tasted was just potluck—depending on what scraps were in the pot at the time.

**Phone Contract Is Approved by Upstate Workers**

ALBANY, N. Y. (AP)—Upstate employees of the New York Telephone Co. have approved a new contract that provides wage increases of \$1.50 to \$4 a week, the Empire State Telephone Workers Organization says.

The independent union, which claims a membership of 6,700 plant and engineering workers, said Wednesday night the pact had been approved in a mail referendum 2,485-584.

The new contract, it said, grants additional increases of \$1 to \$2 weekly to linemen, splicers, helpers, garage mechanics and building mechanics. Several benefit changes also are included in the contract, the union said.

Weekly salaries, a union spokesman said, range from \$66 to \$111.50 in the larger Upstate cities. The old contract expired June 14, 1958.

Pinon, a variety of pine, is the official state tree of New Mexico.

## Bronx Physician Stabbed to Death, Receptionist Hurt

NEW YORK (AP) — A Bronx physician was stabbed to death Wednesday night in his office and his 17-year-old receptionist was hurt by a man posing as a patient.

Dead of multiple stab wounds was Dr. Gordon King, 50. The receptionist, Miss Lorita Turner, was treated at a hospital and released. Both are Negroes.

King was found on the floor of an examination room. He had been stabbed a number of times

with a pocket knife or pair of scissors. The victim had been bound with surgical tape and his own necktie. A strip of surgical tape also covered his eyes and mouth.

Miss Turner described the attacker as a Negro, about five feet, seven inches tall, weighing 145 pounds and wearing a brown hat.

## Man Dies, Other Missing As Auto Skids Into Creek

WEST LEBANON, N. Y. (AP) — One man was killed and another was missing after an automobile skidded into storm-swollen Kinderhook Creek Wednesday night at this community near the Massachusetts state line.

The dead was tentatively identified as George Batchelder, 56, of Stephentown in Rensselaer County. State Police said Albert Cowan, who lived in the same house as Batchelder, was missing and may have been in the auto.

A woman who saw the crash told troopers the car skidded as it went up a bridge ramp near Route 20. The auto was recovered by firemen and tow trucks about one-half mile downstream.

## Virginian Eatery Has \$500,000 Fire Loss

NEW YORK (AP)—A restaurant fire across the street from Rockefeller Center Wednesday night caused a loss estimated by the owner at \$500,000.

Thick smoke poured from the fire, and the concentration of fire apparatus called out on two alarms disrupted traffic for several blocks around.

The fire was in the Virginian Restaurant, 102 W. 50th St., just off 6th Avenue. The flames spread from a grill into a ceiling.

The 35 patrons and 15 employees who were in the restaurant when the fire broke out escaped without injury. Three nearby restaurants were affected by smoke.

## Deaths

By THE ASSOCIATED PRESS  
LONDON (AP)—Pasha Angelina, 46, one of the Soviet Union's famous women, died Wednesday, Moscow radio announced. Pasha, as she was universally known, organized the first Soviet women's brigade of tractor drivers and at one time was a deputy of the Supreme Soviet.

CAGNES-SUR-MER, France (AP)—Mrs. Joseph Forestier, 70, preferred model of Auguste Renoir, died Wednesday. Mrs. Forestier, whose maiden name was Helene Bellon, is the subject of Renoir's best known works, "La Jeune Fille a la Chaise" (the young girl by the chair), and "La Jeune Fille Assise" (the young girl seated).

PHILADELPHIA (AP)—Rear adm. John V. McElduff, USN, Ret. 60, who composed "Eyes of the Fleet," the Navy fight song still used at the U.S. Naval Academy, died Wednesday. McElduff, who retired from the service in 1947, was born in New York City.

ST. LOUIS (AP)—Rutledge Carter, 56, a former newspaperman in several Eastern cities, died Tuesday. Carter, a technical writer for the Sandia Corp. of Albuquerque, N.M., at one time had worked for newspapers in Philadelphia, Baltimore and Buffalo, N.Y.

TRYON, N.C. (AP)—Frederick C. Penney, 108, who was North Carolina's oldest citizen, died Wednesday. He had a varied career in business, including real estate in Minneapolis. He was born in Canaan, Maine.

## Matter of FACT

Soon after the Mormons settled in Utah, a host of grasshoppers suddenly appeared, settling on their newly planted crops and threatening to destroy them. Just as the farmers had given up hope of saving anything, a flock of sea gulls appeared and ate all the grasshoppers. The Mormons have set up a tall column, topped with the statue of a gull, as a memorial.

## Hosts to Teachers on Friday

8 More Firms Listed  
For B-E Day Program

Information concerning eight more firms which will participate in the fourth annual B-E (Business-Education) Day is released today by the Kingston Area Chamber of Commerce.

B-E Day is a major public relations program of the Chamber, which recognizes teachers as a most important group in the community and acquaints them with businesses and industries which form the basis of local economy. The firms are:

## Electrol Incorporated

Electrol Incorporated, is located at 85 Grand Street. Electrol operates a major manufacturing plant, with nearly 350 employees at the present time, manufacturing hydraulic equipment and landing gear struts for military and commercial aircraft. Pneumatic assemblies, as well as a number of other hydraulic items for industrial use, are produced.

Electrol was organized in 1926 and became established in Kingston in 1940. In Clifton, N. J., the firm was engaged in the oil burner business. Although Electrol's complete facility is located in Kingston, its market extends throughout the United States and Canada.

The officers of Electrol are as follows: B. N. Ashton, president; J. A. Brooks, vice-president and treasurer; V. E. Fletcher, vice-president and secretary and D. H. Page, vice president in charge of production.

## Savings and Loan Association of Kingston

The Savings and Loan Association of Kingston is located at 267 Wall Street. In its 67 years of service to our community, phenomenal growth and prosperity have been enjoyed.

The funds of approximately 6500 savers are re-invested in

home mortgage loans in Kingston and Ulster County, contributing to the continued welfare and prosperity of the area. On January 1, 1959 the assets were \$14,367,769.30.

The modern office building is staffed by eleven employees to serve the public. It is equipped with the most up-to-date IBM Data Processing Machines found in any similar institution in the central Hudson Valley. Modern methods and keen awareness of the needs of its customers have contributed to the success of the Savings and Loan Association of Kingston.

The present officers are: Alfred D. Ronder, president; H. VanWyck Darrow, executive vice-president and William R. Stall, cashier.

## Safford and Scudder, Inc.

The jewelry firm of Safford & Scudder is located at 310 Wall Street. It has served the public with quality jewelry for 102 years. On July 23, 1959 the firm, founded by C. B. Safford in 1856, will celebrate its 103rd Anniversary. Stuart S. Randall is president and proprietor of Safford & Scudder, Inc.

## Hercules Powder Company

Hercules Powder Company, a blasting cap and detonator plant employing 800 men and women, is located at nearby Port Ewen. The plant was built by F. K. Brewster, Inc., in 1913 and purchased by Hercules in 1921.

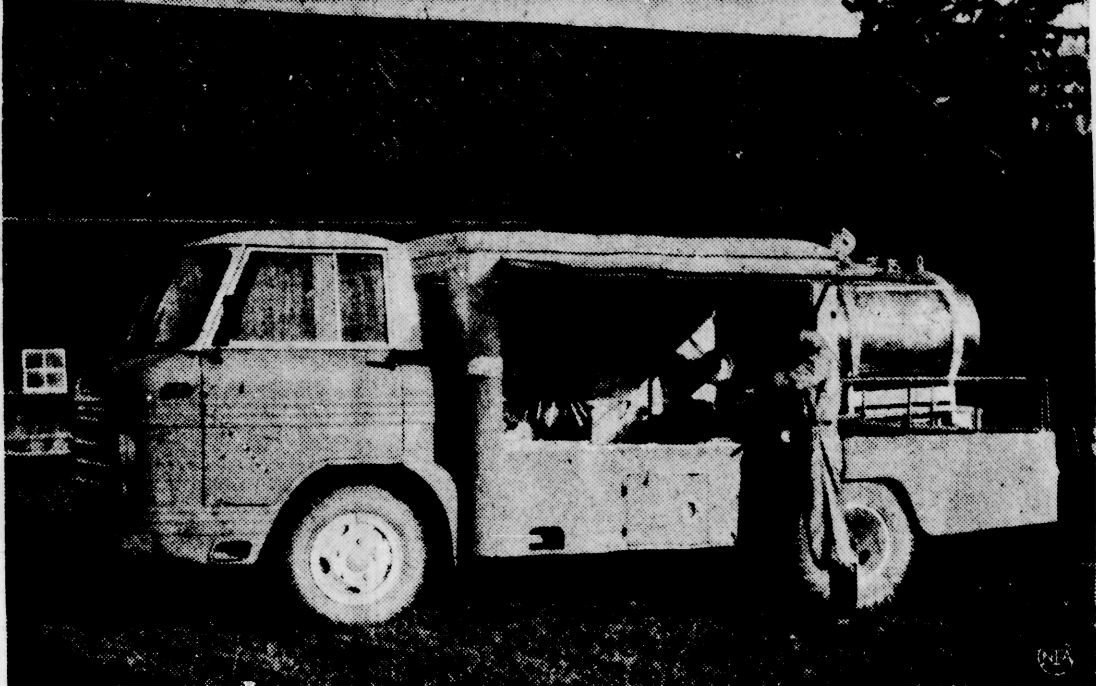

It manufactures blasting caps and detonators for many special purposes. The principal use of blasting caps is in detonating dynamite. Millions of these small copper or aluminum cylinders are consumed every year to initiate a larger charge of dynamite in mines, quarries, heavy construction and other excavating work.

Blasting caps are small cylinders, about as big around as a lead pencil and from 1 to 6 inches long. Some are detonated by a lighted fuse inserted in one end of the cap. Others are electric caps with wires attached, and are detonated by a current of electricity from a blasting machine or a battery.

N. L. McLeod is works manager of the Hercules plant. The home office of the company is in Wilmington, Del. The local plant makes a very substantial contribution to the stability and prosperity of our community. It is one of our major assets.

## Home-Seekers' Savings and Loan

The main office of the Home-

**MILKING TRUCK** — This mobile milking unit has been used experimentally in central Sweden where farms are far apart and distant from the dairy. Eight farms with a total of 65 cows are serviced by the truck which is modeled after units used successfully in Holland and Germany. It's equipped with six milking machines, washing machine, water tank, water heater and three milk tanks holding 160 gallons each. There are also two vacuum pumps, an electric motor and a gasoline-powered generator for farms without electric current.

Seekers' Savings and Loan Association is located at 235 Fair Street in Kingston with a branch at 628 Broadway. It was organized by local businessmen of the Rondout section of Kingston in 1889. The assets of January 1, 1959 were \$12,148,683.11.

The present officers of Home-Seekers' are: John B. Sterley, president; Allan Wood and William B. Byrne, vice presidents; Dewese E. DeWitt, executive vice president and treasurer; William D. Costello, assistant secretary and branch manager and William F. Palus, auditor.

Thrill among area residents is encouraged and means provided for home ownership through loans and first mortgages. In addition to the regular services of a savings and loan association, Christmas Clubs, safe deposit boxes, personalized money orders, drive-in-window and a night depository are provided. This banking facility has twelve full-time employees.

## Governor Clinton Hotel

The Governor Clinton Hotel is Kingston's largest hotel and is located on Albany Avenue opposite Academy Green. It was built by the Kingston Community Hotel Corporation, composed of local stockholders.

The Governor Clinton Hotel has kept pace with ever-changing needs of those who use the services and facilities offered. It has modern rooms with radio and television; air-conditioning in the dining room, banquet rooms and cocktail lounge. The kitchen is designed and staffed to offer the very best to the diner or a banquet or reception for 500 persons. Its new parking lot easily accommodates over 50 vehicles.

The hotel not only serves the community and visitors but is also an important economic asset. From 80 to 100 persons are employed and the annual payroll is in excess of \$250,000. During the past year over \$200,000 was spent locally for the purchase of food, produce materials and other supplies.

## Barclay Knitwear Company and Kingston Knitting Mills, Inc.

The Barclay Knitwear Co. was organized in 1929 and has been located in Kingston since 1934. Kingston Knitting Mills, Inc. is its main manufacturing division organized in 1934. The local facilities are located at 139 Cornell Street and occupies a full block on this street. The factory, stockroom and offices spread over several buildings. Employment is provided for several hundred workers.

At present, construction of a modern 75,000 sq. ft. building on Route 9-W at nearby Port Ewen is underway. This new building will house Barclay's warehousing, shipping and accounting facilities. Occupancy is scheduled for June of this year. At that time, Kingston Knitting Mills will utilize the floor space vacated by Barclay. This will provide 60,000 sq. ft. of additional manufacturing area. This move, which more than doubles the present facilities of both companies, is a very tangible expression of Barclay's confidence in our community and optimism of the future.

The principals of Barclay Knitwear and Kingston Knitting Mills are as follows: Michael Paulker is president of Barclay and director of Kingston Knitting Mills; Richard Paulker is vice president and Carl Paulker is treasurer of both companies; Robert E. Davis is president of Kingston Knitting Mills Inc. and vice president of Barclay Knitwear.

Starting with a net worth of \$10,000.00 in 1928, Barclay now commands a AAA1 Dun & Bradstreet rating with annual volume in the millions. It commands a leading rank in the knitwear industry. Barclay manufactures juvenile boy's and men's sweaters, polo shorts and sportswear. A Barclay label is the buyers guarantee of quality.

Distribution of products is directed from executive and sales offices in New York City. Branch sales offices are maintained in Pittsburgh, San Francisco, Los Angeles and Seattle. The company maintains its own sales force on the road and sells directly to department and chain stores as well as independent retailers.

Community Playthings  
Community Playthings is the business enterprise of the Society of Brothers at Rifton, N. Y., a

group of people living together and shaping all things in common. The company, which has maintained a plant and central office at Rifton since 1954. It grew out of a small woodworking industry in Georgia. A group there, living together, sought a means of common livelihood and turned to the making of wooden play equipment because of their access to good lumber and the need they felt for good equipment for young children.

Today Community Playthings has factories at each of its three communities in the East and has a steadily growing reputation for the ruggedness and versatility of the equipment made. Public schools in many parts of New York State are turning to Community Playthings as they order play equipment for their schools.

The men who work in the shop, as well as the people in the office, have a personal interest in the quality of the equipment and the service given to customers. The business is an integral part of the community life and the same desire to work out mutual problems is evidenced in the shop as elsewhere. The community maintains its own elementary school and in the primary classes the new equipment is used by the children and tested for durability, appeal to the children and value as an educational tool.

Community Playthings each year mails out a catalog to school systems, private nurseries and church schools through the United States and in Hawaii and Puerto Rico. The business is conducted mainly through direct sales to these kindergartens and nurseries and similar institutions.

First U.S. offensive battle in World War II was that started by the Marines on Guadalcanal, Aug. 8, 1942.

100-Year Farm  
Families Given  
State Citation

SYRACUSE, N. Y. (AP)—Four families who have operated farms in the state for more than 100 years each hold citations from Gov. Rockefeller today.

Agriculture Commissioner Don J. Wickham presented the citations Wednesday night at the annual dinner of the New York State Agricultural Society.

Rockefeller had planned to speak at the dinner but was unable to fly from Albany because of poor weather.

The citations, admitting the families to the Order of Century Farms, were given to:

The Dorland-Wilson farm near Dean's Corners, Saratoga County; the Fife farm near Waddington, St. Lawrence County; the Reynolds farm near Franklinville, Cattaraugus County; and the Roberts farm near Paris, Oneida County.

The Dorland-Wilson farm, established 146 years ago, is operated by William Wilson. The 140-year-old Fife farm is operated by James W. Fife. William Reynolds operates his family farm, now 110 years old. The Roberts farm, which began operating in 1791, is owned by Earl T. Roberts.

TUCSON, Ariz. (AP) — The new officers of the Tucson Professional Photographers Ass'n. lined up to have their picture taken — and found none of the 40 attending members had brought a camera.

## Do You Remember by Sophie Miller

The picture of "The Landing of Columbus" painted by John Vanderlyn of Kingston for the Capitol in Washington, D. C., in 1846 cost \$12,000. This picture was later reproduced on the back of the old \$5 bill, yet John Vanderlyn came back to Kingston, borrowed a few shillings from a friend and that night in 1852 died broke and alone in a Kingston hotel. Perhaps some day the story will appear in a movie or TV. Such moments could be shown as when Napoleon was passing through the Paris Exhibition in 1808 and turned back to point to Vanderlyn's "Marius sitting among the ruins of Carthage."

ad say "Give the medal to that!" Thence, Kingston born, John Vanderlyn received the coveted Napoleon gold medal. Another scene could be in a blacksmith shop somewhere outside of Kingston, when Aaron Burr arrives on a handsome horse and sees Vanderlyn's charcoal sketch on an old door and asked, "Who did that?" "I did," Young Vanderlyn answered, starting his career.

Vanderlyn had so many dramatic moments, not all pleasant ones like the above. He had his moments in the capitals of Europe, but he always seemed to be broke, yet he was able to aid his friend,

Aaron Burr. One item reads: "When Burr was a wandering fugitive, and in Paris, at times so poor, he had not money to buy a bundle of fagots to keep himself warm, Vanderlyn, still struggling hard in his profession, enjoying far more reputation than money, shared with him his slender purse, and helped him all he could."

I have never heard of Bishop Kip but it seems he knew Vanderlyn well and writes the following about him: "Vanderlyn painted very slowly and elaborately, as I know to my cost. Believing that Burr's estimate of him was correct, and that he was our ablest American artist, I had always been very desirous to have him paint the portraits of my father and mother. In 1833, meeting him by accident in New York, I proposed that he undertake this work, but he declined, alleging that he had no studio."

He further goes on to say that he found Vanderlyn living in an obscure French boarding-house on Church Street and so he asked him to come to his father's house and use the library as a studio. Vanderlyn came, blocked up the windows, except a square place in the top of one of them, for proper light and began his pictures. It was in the autumn and the winter was nearly over when

he finished. It seems Kip's mother sat in the mornings several hours and his father in the afternoon, each of them had about 50 sittings, or perhaps more than 150 hours. In this way the whole winter was spent. Kip admitted they were fine pictures, but he felt too much time was spent on them. I wonder where those portraits are today.

Just think 150 hours or more at say \$2 an hour, and I am sure he did not always receive that much in those days yet what these paintings are worth today. Now I can understand why there is so much detail to Vanderlyn's work when I see it at our Senate House Museum. I will even respect his art work more when I see it again. Vanderlyn spent time on such details as faces, hands, veins, eyes, buttons, highlights. Vanderlyn was a perfectionist.

## Persuaded to Leave

CLOVIS, N. M. (AP) — A Clovis woman took drastic measures to get her husband out of an all-night gambling game. She stalked into the game, fired a shot into the floor, and lined the players up against the wall. She got her husband home, all right, but she also paid \$25 for firing a gun within the city limits.

## Along Capitol Corridors

By CHARLES DUMAS  
Associated Press Staff Writer  
ALBANY, N. Y. (AP) — Warning to Rockefeller appointees: The State Police are checking on YOU.

If you don't have a clean past, you probably have a dark future. In the "good old days" all a fellow had to do to land a fat state job was to know the right politician — preferably — a little bit about the work. The stronger the pull, the better the job.

**Pull Still Asset**  
This still is an asset, of course. State jobs above the civil service level almost always go to the fellow with the right friends in the proper places.

A few years ago, ex-crime-bus-

ter Thomas E. Dewey, as governor, decided he wanted to know the background of his appointees. He put the troopers to work. In Washington, the FBI investigates federal job-holders and calls it a "security check." In Albany, the State Police term it "just a little checking."

**Rocky Continues Check**  
At any rate, Dewey started it. Averell Harriman continued it. And now the new Republican governor is carrying on.

When you apply for a state job on the executive level, you fill out a "background sheet." You tell where you were born, the names of parents and friends, schools, previous jobs, etc.

Then the troopers in plain clothes take over. A couple of weeks ago, in a quiet Upstate community, a little old lady returned from her grocery shopping to find two husky young men camped at the front door.

"Nothing to be alarmed about, Mam — just a routine check," Mom told them her son was always "a good boy," and the state police departed to look up a few other acquaintances.

**Rules Gifts Out**  
The "good boy" is one of Rockefeller's top aides.

So it goes, fellows. If you ever played hooky, stole a watermelon or sneaked under the circus tent, better fess up and get it over with.

Another point — the new governor says nobody in his administration should accept gifts.

Gov. Rockefeller doesn't want his assistants to wear vicuña coats they didn't buy at a clothing store.

### New Hurley

NEW HURLEY — Thursday afternoon the January meeting of the Missionary Society was held at the church hall with Mrs. Elwood Powell and Mrs. Charles Jenkins as hostesses. The program for the afternoon was led by Mrs. Francis Garrison. The president, Mrs. Wilhelm Hayson presided over the business meeting. Twelve members responded to the roll call. There will be regular preaching services in the New Hurley

Church next Sunday 11 a. m. conducted by the pastor, the Rev. Wilhelm Hayson. Sunday school is at 9:50 a. m. in the church hall.

Next Sunday high school students will go to Bronxville for the annual mid-winter youth rally of the Particular Synod of New York.

Mrs. Earl DeWitt of Gardinertown was a dinner guest Tuesday at the home of Mrs. Edward Powell and sister Miss Bertha Sutton. In the afternoon they called on Mrs. Helmut Dommer of Gardiner and also Mrs.

George Couturier of Poughkeepsie. Germain Smith left here last week for Florida where he will spend the winter.

John Corwin of New Paltz called on his cousins Mrs. Edward Powell and Miss Bertha Sutton Wednesday afternoon.

# Glancing Over TV Bill of Fare

By CHARLES MERCER

NEW YORK (AP)—Although I never thought it would happen, I've found myself thoroughly enjoying a television quiz show.

It is "G-E College Bowl" — CBS-TV, Sundays, 5 p.m., EST — in which teams of students from two colleges compete against each other in the area of information and knowledge.

There's no hokum about the program. Panel moderator Allen Ludden runs a forthright show. Each week's winning team receives a \$1,500 scholarship for its school from the sponsor — and goes on to compete against another college the next week. The losing team gets a \$500 scholarship for its school.

What I enjoy most about the program is watching the faces and reactions of the kids. I also enjoy observing how much purely academic information I've forgotten since I was in college 20 years ago.

Ludden told me the other day that he requires a variety of questions — involving not only specific recall but relating information to reasoning powers. The questions are made up by a New York researcher, Nancy Fobes.

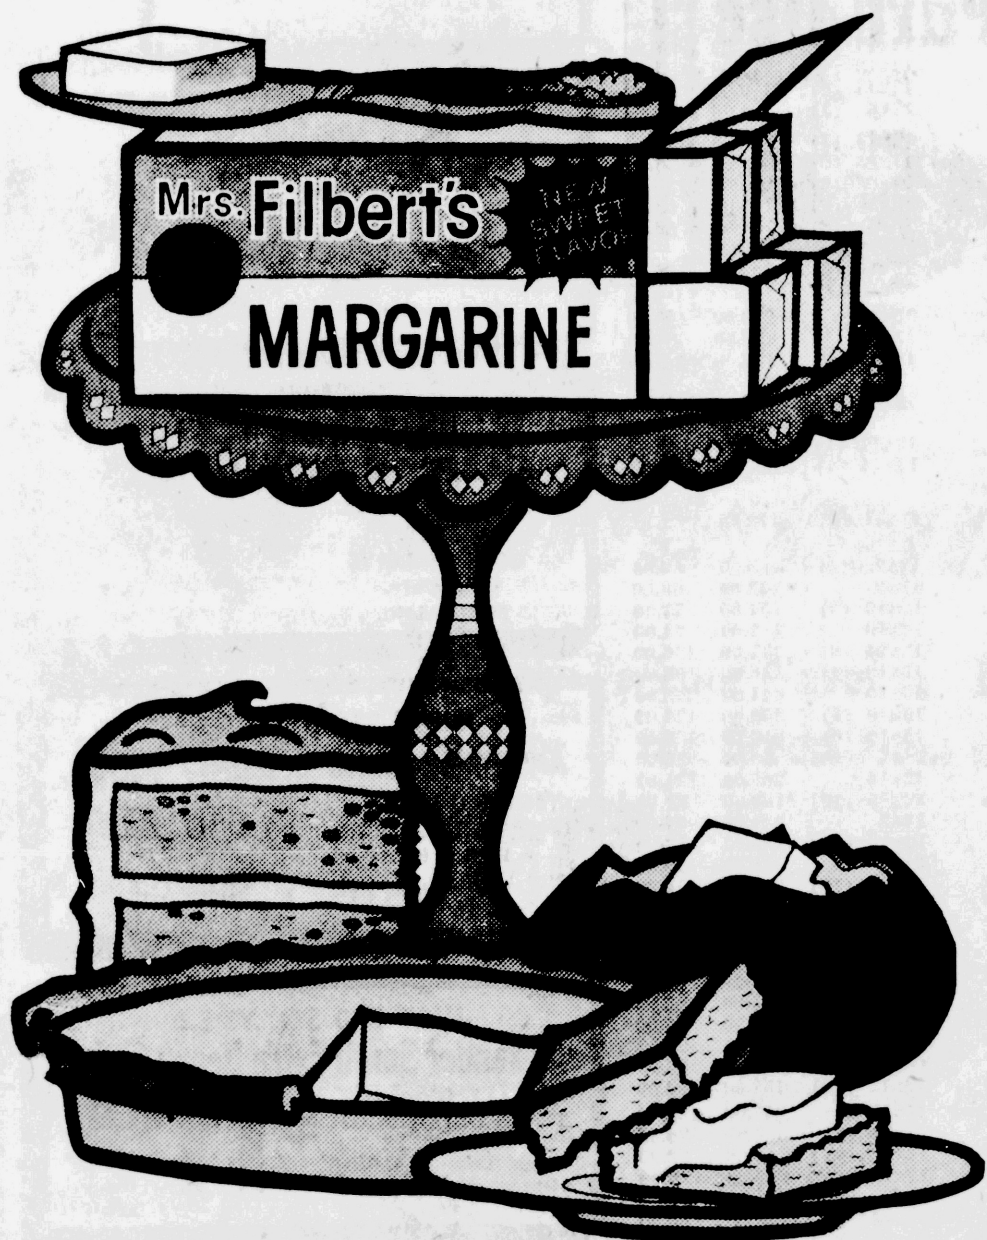

Ludden, author of two books on problems of the younger generation, presided over the radio ancestor of television's "College Bowl."

Enthusiasm for the program among colleges and universities is tremendous, he says. As far as he knows the only college which has declined to participate is Harvard. He does not know why.

Probably closer to the basic point of the program than my own remarks was that of a high school senior who is glued to it every Sunday. A husky type inclined to spurn books in favor of athletics — to his own regret as he seeks admission to college — he said: "There ought to be more of this sort of thing. It makes you see the book boys aren't squares at all."

The important ingredient in Mrs. Filbert's Margarine is family pride

MRS. M. V. FILBERT

For hot breads, for sliced breads, for vegetables—for all the good things you spread—you'll love the sweet, fresh taste of Mrs. Filbert's, the tender way this margarine cuts, the smooth, rich spreading, the delicious way it melts.

These are the qualities the Filbert family insists on in every pound of Mrs. Filbert's Margarine.

Made fresh every day, Mrs. Filbert's Margarine is always sweet, fresh eating. Enjoy it soon.

Makes a proud pie crust, too—flakiest ever. For your baking, for frying, Mrs. Filbert's is the family cook's best friend. Look for it in the refrigerated case at your store next time you shop.

### Making Strawberry Angel Cake Is a Labor of Love

LOVE that cake! For an engagement announcement or Valentine's Day, this strawberry angel creation is a thing of beauty.

By GAYNOR MADDON

NEA Food and Markets Editor

Wherever the heart and love are concerned, there belongs a strawberry angel cake. Especially if there's to be a party. So for the next engagement announcement party, or for St. Valentine's use this recipe:

#### Strawberry Angel Valentine or Announcement Cake

One package strawberry angel cake mix, 7-minute frosting.

Prepare angel cake mix batter according to package directions. Pour two-thirds of batter into 2 ungreased 9-inch layer pans; pour remaining batter into 12 paper baking cups set in muffin pans. Bake in moderate oven (375 degrees F.) 15 minutes, or until cakes spring back when lightly pressed with a finger. Invert layers and cool with edges resting on other pans; cool cupcakes on rack. Place cake on serving plate. Spread frosting between the two layers. From one side of the cake, cut out a wedge about 3½ inches wide and 3 inches deep. Place this wedge at opposite edge of cake to form point of heart. Cover top and sides of cake with frosting. Frost tops of cupcakes with remaining frosting. Decorate with candy rosebuds and leaves purchased at

bakery or made with favorite ornamental frosting.

#### Seven-Minute Frosting (Makes about 6½ cups frosting)

Combine 3 unbeaten egg whites, 2¼ cups sugar, 1½ teaspoon salt, ½ cup water, 1 tablespoon light corn syrup in top of double boiler. Beat about 1 minute, or until thoroughly mixed. Then beat constantly over rapidly boiling water (with sturdy egg beater or at high speed of electric beater) 7 minutes, or until frosting will stand in peaks. Stir frosting up from bottom and sides occasionally. Remove from boiling water. (For smoothest frosting, empty into a large bowl for final beating). Add 1½ teaspoons vanilla. Beat 1 minute, or until thick enough to spread.

#### TOMORROW'S DINNER:

Baked salmon loaf, pickle-paprika sauce, parsley potatoes, broccoli with lemon butter, crisp rolls, butter or margarine, celery, raw cucumber sticks, strawberry angel cake, coffee, tea, milk.

#### Maximum Crust

Remove angelfood cake from its pan as soon as the pan feels cool when you touch it, after inverting. This procedure insures maximum crust — no undue amount sticking to the pan.

### New Woodstock Association Plans Factual Study of Area

Formal announcement of the organization of the Woodstock Association for the Conservation and Improvement of The Township was made through the medium of paid advertisements in area newspapers Wednesday.

Five of Woodstock's most prominent citizens are listed as provisional executive members and include Howard Koch, J. Constant van Rijn, Alvin Moscovitz, Elbert Varney and Benjamin Webster.

The organization is listed as "a non-profit association dedicated to the preservation and enhancement of Woodstock's natural resources."

The advertisement said that: "without any political aims or affiliations, the Woodstock Association proposes to make a factual study of conditions throughout the area to collect comparative data from organizations in other areas having similar objectives, and to sponsor plans for the betterment of our community."

### Twine Asserts Town Meetings Are Best Forum

Asserting that all our elected officials should be willing to face the public as did Justice of the Peace Dixon McGrath last week, Donald Twine, in a letter to this column, declares that taxpayers should not have to ask members of the Town Board in private about town matters.

The letter follows:

"Dear Editor:

We do not think smoke from the big guns of legal oratory succeeded in obscuring the fact that the diligence of Justice McGrath brought to light a gasoline bid from the Davenport Company, which has given town superintendent of highways, Mr. Cashdollar, an opportunity to save a good deal of money on gasoline purchases for his department and consequently, for the taxpayers.

**Asked Three Times**

"At Thursday night's Town Board meeting, Mr. Cashdollar was asked on three different occasions how many gallons of gasoline were purchased last year. On each occasion, Mr. Cashdollar said he was coming to that later. Unfortunately, the meeting was adjourned before Mr. Cashdollar gave us the answer. This question was significant since once it was known how much gasoline was purchased last year, the taxpayers present could make a pretty good estimate of what could be saved this year by paying approximately 11 cents a gallon under the Davenport bid as opposed to approximately 16 cents a gallon for the Amos Post bid.

"Please remember that if it had not been for Councilman Geertsema's and Justice McGrath's action in soliciting this lower bid, it would never have been submitted. Yet Mr. Fitzsimmons, at the close of the meeting told us that the highway department was none of the Town Board's business and, it seemed to me, implying it was none of our business.

**Unanswered Question**

"Another question asked and not directly answered was whether in the last few years,

its physical beauty and the welfare of its residents."

#### Liaison With Board

The new association hopes to maintain liaison with the Town Board of Woodstock, pointing out that: "such information and recommendations which we feel might be useful will be placed at the disposal of our fellow-townpeople and their governing body. By the nature of those services over a period of time we hope to win community-wide confidence and support so that proposals which gain general approval can be put into effective action."

The organizational announcement, following several meetings of interested parties, came within a few days after workmen of the New York State Highway Department started removing nine trees along Route 212 from Boiceville to the Woodstock Country Club.

The preservation of as many trees as possible is but one of the objectives of the new organization.

any bids had been solicited or received on gasoline, road oil, or fuel oil. This question was significant inasmuch as a negative answer would show that previous Town Boards had been lacking in diligence in this regard.

"Many of our friends will disagree with us when we say that we think Mr. Goldberg was quite in order in subjecting Justice McGrath to what, in effect, was public trial. To Supervisor Fitzsimmons' credit he did not rule Mr. Goldberg out of order, as he might have done. We only regret that Mr. Goldberg's speech gave so much space to legal and Bible quotations and so little to the issues involved.

However, we feel that Mr. Goldberg set a valuable precedent and that all our elected officials should be willing to face the public as did Justice McGrath, and answer directly and sincerely every question posed to them. We sure have a lot of questions we would like to have answered directly ourselves and we do not want to ask them of Town Board members privately. We want the rest of the electorate to hear the answers directly from the board members themselves.

**Things to Avoid**

"If we asked the questions privately and then repeated them, we might be accused of misquoting. This can be avoided by having them answered at Town Board meetings where the rest of the electorate can hear them and, as Mr. Molyneux suggests, act accordingly in November.

"We are proud of the job Mrs. Geertsema has done in starting a new era of public interest, knowledge and participation in town affairs, and we commend Justice McGrath for joining her in this good work."

### Important P-TA Meeting Tonight

The Woodstock Parent Teachers Association tonight holds a meeting which, because of its timing, may develop into one of the most significant P-TA sessions in recent years.

Postponed from Jan. 8, the meeting includes a visit with members of the Board of Education of the Ontario Central

Schools which annexed Woodstock District No. 2 by referendum on July 1, 1958.

Nearly all the members of the Ontario board, including supervising principal John Mochie, are expected to attend and take part in a panel discussion entitled: "Know Your School Board."

Other routine business includes the election of a vice-president and the reports of committees.

### Recreation Committee Plans First Meeting

The newly appointed town Recreation Committee will hold its first meeting of 1959 this evening at 7:30 p. m. at the town clerk's office, Chairman Kermit Schwarz will preside.

The chairman is expected to announce the appointment of several committees to handle finances, personnel and the detailed operations of the summer recreation program at Andy Lee Memorial field.

The committee includes three new members — Adele Longendyke, Alvin Moscovitz and Cedric Newton — and holdovers James Nancarrow, Andrew Shek-itka, Marge Harder, secretary; Charles J. Tiano and Supervisor Joseph Fitzsimmons, ex-officio representative of the Town Board.

### Lawrence Scarth Completes Basic

LAWRENCE SCARTH

Airman Lawrence D. Scarth, son of James Scarth of Bearsville, has completed his initial course of Air Force basic military training at Lackland Air Force Base in Texas. He has been selected to attend the technical training course for Automotive Maintenance at Chanute, AFB, Illinois.

Airman Scarth attended Ontario Central School prior to entering the Air Force. Basic airmen at Lackland are selected for specialized training at technical schools on the basis of their interests and aptitudes. They are reassigned to the school after four weeks of basic, and are given additional military basic training along with the technical subjects.

### Ontario Sets Tenure Rules For Teachers

A set of regulations covering tenure and absences and sick leaves for teachers employed in former common school District No. 2, Town of Woodstock, have been approved by the Ontario Central Schools Board of Education.

With respect to tenure the following regulations are effective as of January 5:

1) A teacher or principal em-

ployed as of July 1 or September 1, 1958, or any subsequent date, shall serve a three year probationary period from the date of appointment before recommendation is made for a tenure appointment.

2) All tenure appointments in effect previous to July 1, 1958, will be approved as of their effective dates established by the board of trustees of former Woodstock No. 2.

3) A teacher presently employed, who has rendered satisfactory service in Woodstock No. 2 for a period of three years or more previous to June 30, 1958, shall receive two years of prior service credit toward a tenure appointment. The current school year 1958-59 shall then be considered as the third year of creditable service for completion of the probationary period. Teachers who meet these requirements in years of service, shall, therefore, become eligible for tenure appointment as of June 30, 1959.

#### Other Items

4) A teacher, currently employed, who has rendered satisfactory service of less than three years in the district previous to June 30, 1958, shall receive one year of prior service credit toward a tenure appointment. The present school year 1958-59 shall count as one full year of service. This means teachers with less than three years of service previous to June 30, 1958, shall be eligible for tenure appointment as of June 30, 1960.

5) The principal and teachers in the Woodstock Elementary School shall become eligible for merit increases contained in the 1956-57 Teachers Salary Schedule adopted May 15, 1956. These are defined in Information Circular No. 8, approved by the board on March 26, 1957.

#### Absences, Sick Leave

1) All employees in Woodstock No. 2 shall be entitled to all the privileges and regulations concerning absences and sick leave adopted by the board of education on Feb. 7, 1956. Paragraph B for all teachers of the Woodstock district currently employed shall read as follows:

"Sick leave rates are earned at the rate of one day a month (12 days a calendar year), except during periods of leave without pay. The credit begins to accumulate after completion of a month of service and may be accumulated up to 150 days, but no more. After an employee's accumulation has reached this level, further credits will be earned only to replace those used.

The board of education will accept the net number of accumulated days duly credited to each teacher from former District 2 Woodstock, as of June 30, 1958, as noted on the personnel folder of each teacher. Days earned from June 30, 1958, will be added to the number used as the base computation. Under no circumstances will any refunds be made for days absent without pay.

HOLLYWOOD (AP) — A giant has gone.

The heart of Cecil B. De Mille stopped Wednesday morning, erasing the most colorful movie maker from the Hollywood scene he had dominated for 45 years. De Mille always invited superlatives: his films were the biggest, made the most money, were seen by more people throughout the world.

Superlatives aside, what kind of a man was he? The answer is best told in his own words.

Despite his outward assurance, he said he faced his job with trepidation.

"I have never made a picture without being frightened," he said. "Of what? Of my own ability. Of whether I squeezed the most out of my material. Of whether I created something that would bring the public's heart."

He prepared his scripts with infinite pains. "A good story is everything. If you have that, the director and the stars do not make much difference. They can help a

picture a little or hurt it a little. But they can't make a good script into a bad picture, or a bad script into a good picture."

He supervised even the smallest details in his films. "What did the people wear and eat in those Biblical times? Did they eat roast beef or lamb chops or what? It would be as bad to show them eating the wrong thing as it would be to show them dressed in tails and top hats."

He made pictures for the public alone, though the disdain of the intellectuals stung him. "I have often wondered why critics are hostile. If the people are entertained, that should be enough. Every time I make a picture, critics' estimation of the public drops 10 per cent."

HOLLYWOOD (AP)—At 51 and at the top of his profession, Sir Laurence Olivier is still willing to learn.

He has won every conceivable honor on the stage and screen, now he's dipping into television.

"You can't deny it: television is here to stay," he comments. "If you want to stay in the acting profession, you have to change with the times."

Before leaving England, he did Ibsen's "John Gabriel Borkman" for TV. In New York he went into the grind of turning out a 90-minute version of Maugham's "The Moon and Sixpence" on color tape.

The first act required 15 hours of steady work, the second 17 hours. When he finished the third act, he had been awake for 24 hours. Then he stepped on a plane and arrived here to begin work for "Spartacus" feeling like a zombie.

"Television is fascinating," he observed. "But it really isn't an actor's medium. You get two or three weeks' rehearsal, the equivalent of playing stock in the provinces. You don't have the time to perfect, as you do in the theater."

Last season on Broadway, many eyebrows were raised when Olivier appeared in a play called "The Entertainer." It was a bitter story about a small-time music hall performer written by John Osborne, one of England's so-called angry young men.

Why did he do "The En-

tertainer"? "Because I thought it was a good play—not a great one, but an interesting play. I think the angry young men have contributed some real vigor to English writing."

He may do it as a movie—if a way can be found to overcome the public's resistance. But first he'll play at Stratford-on-Avon this summer. Even if he can't do Shakespeare on film again, he'll remain true to the bard on the stage.

## Officers for League of Women Voters Will Be Elected at Meeting Set for February 3

Officers will be elected for the proposed provisional League of Women Voters of Kingston at an organizational meeting scheduled for 8 p. m. Tuesday, Feb. 3, at George Washington School.

Members of the nominating committee, headed by Mrs. Morton Zucker, are now formulating the slate to be presented, based on suggestions from prospective LWV members. The slate, which will be announced approximately one week before the Feb. 3 meeting, will include a president, first and second vice-presidents, secretary, treasurer and six elected board members. The officers will serve for the provisional period of the local league.

Nominations may also be made from the floor for any office at the meeting, providing permission of the nominee has been obtained.

Prior to elections, the group will adopt bylaws, to be presented by Mrs. Ronald G. Drowns, Mrs. Bernard Bouton and Mrs. Morton Zucker.

As its local study item the provisional organization will do a "Know Your Kingston," a survey of local government. Also on the agenda for the Feb. 3 session will be the choice of one other study item, from either the national or state LWV program. The national program now includes items on foreign policy and water conservation, while the state current topic is judicial reform.

In charge of the meeting will be Mrs. William Denslow, field secretary for the New York State LWV; Mrs. Harry Cornwell, president of the New Paltz League and consultant to the new Kingston group; and Mrs. Robert S. Yallum, temporary chairman of the local organization.

Mrs. Yallum stressed that all women of voting age are invited to become members of the LWV; those interested in formation of a local League are urged to attend the Feb. 3 meeting, and participate in elections and choice of a study program. Enrollment in the organization and

paying of dues will also be included.

Mrs. Yallum explained that the local group will not become a provisional league until it fulfills certain requirements, probably to be completed within the next two months.

According to national LWV standards, a provisional league must have a paid-up membership of at least 25 women; must have adopted standard bylaws; must have elected officers and directors and adopted a budget; must have organized for effective work on a local government survey and for work on a state or national item; must adhere to the policy on non-partisanship of the League of Women Voters of the U. S. The provisional period usually lasts from a year to 18 months.

By the time the group is ready to apply for status as a local league, it will have increased its program to include all LWV study items; will have carried on some Voter Service work; will have completed its local government survey; and will have demonstrated its ability to carry on a full league program in the community.

On the committee arranging for the Feb. 3 meeting are the Meses. Abraham Greenbaum, Ronald G. Drowns, Anthony Turck, Bernard Bouton, Charles Meyer, Reid Heassler, Victor Randel, Ellsworth Johnson and Robert Eisele.

## Valentine Dance Is Planned Here By Junior Marrieds

Members of the YWCA Junior Married Women's Club have announced they will sponsor a Valentine Dance on February 14 at the Alpine in Rosendale. Mrs. Barbara Simsek was named chairman.

This announcement was made at a meeting of the group on Thursday, January 15.

Hostesses at the meeting were the Meses. George Bruck, James Delmege, Aloysius Gafney, Joseph Orlando, Everett Williams and Robert Winrow.

## Personal Notes

Mr. and Mrs. Stephen L. Fodor, formerly of Kingston now residing in Candor, N. Y., announce the birth of a daughter, Melinda Marie, born January 11 at Tompkins County Hospital, Ithaca.

### Shop for Soup Wisely

Americans have enjoyed soup ever since the pioneer women learned from the Indian squaws how to make corn, bean, and seafood chowders. Soup is popular at the table all year around—served hot or cold, as an appetizer, as an entree, or as a beverage. Yet October through March are the big soup months, with more soup sold in January than in any other month.

In 1957 each of us ate, on an average, 13½ pounds of canned soup. This is a sharp increase since 1947 when we ate 8.8 pounds, or 1937 when we ate only 5.1 pounds apiece.

Nearly half of the Northeastern families had soup during a one-week spring period in 1955, according to a Household Food Consumption Survey. About one-third of the families had vegetable soup, while one-fourth had other soups, including fish and meat types, sometime during the week. More urban families ate soup than did either rural non-farm or farm families.

The most popular canned soup we eat is tomato, followed by chicken noodle, and vegetable. Other canned soups in their descending order of preference are vegetable beef, chicken and rice, cream of mushroom, vegetarian vegetable, cream of chicken, chicken vegetable, beef with noodle, chicken gumbo, turkey noodle, beef, minestrone, bean with bacon, clam chowder, cream of celery, green pea, and consommé. Chicken noodle is the most popular dehydrated soup.

### Read the Label

One good way to find out what you are getting in a can of soup is to read the label. The ingredients are always listed in decreasing order, according to the amounts of each present. The ingredient mentioned first is the one in the greatest quantity.

Two brands of oyster stew compared recently were similar in composition and had milk as the principal ingredient. On the other hand, one brand of oyster bisque had oysters listed first with cream and milk following in that order. This helps you to know whether you are buying more oysters than milk and cream, or vice versa.

### Compare Costs

Made-at-home soup may be similar in price or less expensive than the commercially prepared product, when similar types and amounts of ingredients are used. But when larger quantities of more costly ingredients are used in its preparation, made-at-home soup may be more expensive than canned or frozen soup. Consider the cost of ingredients when you decide whether to make your own soup or to buy ready-made.

### Unique Soups

In specialty shops you may find imported concentrated soup which needs no refrigeration. The soup is packed in solid bar form with several sections in an individual package. Each section makes two servings of soup. Flavors include chicken, tomato, vegetable, mushroom, celery, and oxtail.

Soup manufacturers are testing new flavor combinations which may someday appear on the market. One soup in the offing is prune with oranges and

apricots, another is orange with apricots and white grapes, a third is black cherry with burgundy. These condensed fruit soups will likely be packed in 10½ ounce and 11-ounce cans. The new soups may be served hot or cold or used as a summer drink or to pour over ice cream.

### At the Markets

**Fruits**  
Supplies of citrus fruit from the current crop will be about 10 per cent larger than last year's freeze-damaged crop. Orange production will be up by 12 per cent and grapefruit by 7 per cent. Tangerine output will about double last year's production. There will be fewer lemons and limes, though. Banana imports early this year are expected to be a little higher than a year ago, according to trade sources.

### Vegetables

A number of fresh vegetables will be in larger supply this winter than last, when unfavorable weather in southern producing areas cut output. There'll be more celery, lettuce, cabbage, sweet corn, cucumbers, green peppers, and tomatoes than a year ago. Beets and cauliflower will be in smaller supply. Among the canned vegetables, green peas, sauerkraut, tomatoes, and tomato products will be in larger supply than a year ago.

### Milk

Milk production has turned seasonally upward. Output of milk during 1959 is expected to be slightly larger than in 1958. While stocks of cheese have been reduced sharply, supplies remain plentiful.

### Fish

Supplies of fresh fish have been rather light because of windy weather. Several kinds of frozen fish are available, including salmon, halibut, yellowtails, and swordfish.

### Meat—Pork

Marketing of hogs in recent weeks have been up from year ago levels by a small margin. Pork supplies will continue above last year throughout the next several months. A larger share of the pork cuts will be the lean type, owing to some increase in the meat-type hog and to closer trimming of fat from pork cuts.

### Bloomington Unit

The Bloomington Unit of the Home Extension Service will hold its second lesson on yeast dough making Tuesday, Jan. 27, 10 a. m. at the Bloomington Firehall. Mrs. Francis Baker, leader, will show the members how to make rolls and coffee cake. The first lesson on bread making was held last Tuesday with 15 members participating.

### Club Notices

**Katrine Mothers' Club**  
Mothers' Club of the Lake Katrine School will hold its regular monthly meeting at 8 p. m. Tuesday, Jan. 27.

Principal Edward R. Crosby will speak on "Visual Aids."

Parents are cordially invited to attend. Refreshments will be served.

**BABY SITTING FOR MOTHER'S FRIENDS**

When mother has guests in for cards, which is often, and one of them can't get a baby sitter for her children, mother usually says, "I'll ask Jane to go over and sit with them." I don't mind doing this, but mother thinks that I should not accept any payment for this because the people I'm sitting for are not only her guests but personal friends as well. I don't see that this has anything to do with it. I think I should be allowed to accept money if offered to me. What is your opinion?

Answer: Your mother is right, but I do think that if this baby sitting becomes onerous to you she herself might give you some compensation.

## Hat Check Tips at Private Party

Dear Mrs. Post: I am going to be married soon and will have a rather large reception in a private room of one of the big hotels in this city. As the guests will be wearing heavy wraps at this season of the year I wondered what to do about checking them. There will, of course, be a checking place, but are we supposed to pay for this, or do the guests take care of this themselves?

Answer: You make an arrangement with the hat check personnel to pay them for their services and have them refuse any tips that may be offered them by your guests.

**Introducing Friends of Friends**  
Dear Mrs. Post: When friends of ours bring to our house friends of theirs whom we met on only one occasion some years ago, who should introduce their friends to other people present whom our friends know as well as we do?

Answer: The visitor who has brought in his own friends should introduce them to those whom he knows. The reason for this is that nothing could be more awkward than for a hostess not to know the name of somebody in her house.

Is it good manners to cut a leafy salad with a knife? Mrs. Post is sorry she cannot answer personal mail. However, her leaflet E-19, "Table Rules of Importance," answers this and many other questions. To obtain a copy, send 10 cents in coin to Dept. E.P., c/o The Freeman, P. O. ## Hyde Park Couple Takes First Place In Bridge Playing

Despite falling snow and inclement weather 38 bridge enthusiasts turned out for the Glenrie Lake Club's weekly duplicate game at the Jewish Community Center Tuesday evening.

Mr. and Mrs. Thomas Brooks, Hyde Park, took first place on the North-South side with a fine exhibition of sound bidding and play. It was reported. Close behind in second place were Mrs. E. Reis of Glasco and Mrs. I. H. Wheatcroft of Kingston. Mrs. Reis, playing duplicate for the second time, reportedly performed well, and Mrs. Wheatcroft played her usual excellent game.

Third place went to Victor Randel and Harold Newman of Kingston and fourth place to Robert Suda of Ulster Park and Arling Kalleberg of Kingston.

First place on the East-West side went to Mr. and Mrs. Harry Shaub of Kingston after a close contest with second place going to Mr. and Mrs. Stanley London of Kingston. Both these pairs reportedly played sound competitive bridge. London his first duplicate.

Third place went to Mr. and Mrs. Robert Yallum of Kingston and a tie for fourth resulted between Mrs. Harold Rakov and Mrs. Charles Walton and Mrs. Harry Jacobs and Mrs. Charles Campbell.

I. H. Wheatcroft, director, said that lack of experience in duplicate does not bar participation. He announced that next Tuesday the club would hold its first full master point game.

## Music Group Hears Paper on Mexican Music at Meeting

The Music Appreciation Group met on January 15 at the home of Mrs. Robert H. Pixley and Mrs. Hans Decker presented a paper on Mexican Music.

Mrs. Decker said that the first attempt to present an organized historical survey of Mexican music to the American public occurred as recently as 1940. The Museum of Modern Art in New York City recently sponsored a series of concerts presenting works from each of the principal eras of Mexican history.

The various ancient instruments used by the sun-worshipping Aztec Indians were explained, such as Indian drums, water gourd and conch shells.

Carlos Chavez, well-known Mexican composer, used these instruments in his composition "Sinfonia India." Chavez combines a truly amazing range of abilities. A conductor, pianist and director of a national bureau of fine arts.

Recordings heard "Sinfonia India," Cori do de "El Sol," "Obertura Republicana," Moncayo's "Huaquango," and "Marimbachi Chapias."

Mrs. Arthur T. Pedersen presided at the tea table.

The February 12 meeting will be at the home of Mrs. R. A. Obenaus.

## Lenten Meals

You may think it premature to write about Lenten meals, but before you know it you will be using brain power trying to make your meals interesting and provide variety as well.

Here are some tips you might find useful:

Top broiled or fried fish fillets with sliced blanched almonds browned in melted butter.

Spread fish sticks with chili sauce before baking.

Sprinkle clams or oysters with bits of bacon, minced onion and parsley, lemon juice, salt and pepper. Broil about eight minutes or until edges curl. This, by the way, is how you make the famous Clams and Oysters Casino.

Make a medium cream sauce, add cooked or canned shrimp, cooked or canned peas, and serve over hot cooked rice.

Lemon or lime wedges are a natural complement for any seafood. For an extra-pretty garnish, sprinkle the wedges with paprika after you garnish your fish dish with them.

Make a hot, spicy sauce this way, to serve with any broiled or fried fish. To one cup bottled cocktail sauce, add one tablespoon horseradish, dash Tabasco, one tablespoon capers. Heat, but do not let boil.

Lenten meals can be delicious and enticing when the home-maker uses a little imagination and is careful not to miss the obvious.

## New Cookbook

In "Gourmet Kitchen" a new cook book published by Abelard-Schuman, New York, the author, Evelyn Patterson, has selected her recipes with two things in mind: eating good food adds to life's enjoyment, and foods do not have to be expensive to be unusually delicious.

For expensive ingredients, Evelyn Patterson substitutes imagination and know-how, which she passes along to us in her recipes. She also advocates using a wide variety of spices, all of which are now easily available, and she frequently suggests wine as an ingredient. There are many good, inexpensive domestic wines, and when the amount called for is divided by several servings, the added cost is negligible.

## Fish Available

It might be well to know that

for the Lenten season we will find canned salmon, tuna, and sardines in good supply and available nationally. This information comes to us through the courtesy of the U. S. Department of the Interior and National Fisheries Institute.

The grocery shelves this Lent will again contain the famous California sardines as a result of the reappearance of this popular fish along the California coast after having virtually disappeared for several years. As a result, there will be a wide variety of fish, shellfish, and canned fish starting in February.

Fishery products listed as available in New York State include clams, fillets of ocean perch, fish sticks, halibut, oysters, smelt and whiting.

## Temporary Crib

Have you a new baby coming to your house? Ever since pioneer days the wicker wash basket has been a temporary nest for the newborn. Hospitable grandmothers find it solves their problems too. Slip cover the wash basket in a pretty but inexpensive print of floral motif cotton.

Artificial rosebuds may be used to catch up the scallops of the flounce.

First locomotive to haul a passenger train was operated in England by George Stephenson, Sept. 27, 1825.

Answer to Previous Puzzle

# Bills Introduced In Legislature

By THE ASSOCIATED PRESS

ALBANY, N. Y. (AP) — The Board of Regents would be empowered to license TV shows, as a means of curbing "shock, horror, murder and suggestive programs" under a bill before the Legislature.

Assemblyman Bruce Manley, a Chautauque County Republican, Wednesday proposed a state licensing of television shows at a fee of \$50 for each half-hour or less.

## Now Licenses Movies

The Regents now license movies. The fee for films is on a footage basis and the license for an average-length movie runs about \$20.

Other bills introduced Wednesday dealt with "problem students" and primary elections.

Manley declared that "television programming has had a subversive effect upon the American home."

"The very things that would incense decent people are permitted to occur in the heart of the home—all for the noble cause of huckstering pills and pomades."

Exempt from provisions of the bill would be public service programs, current and sporting events and spot news.

## Problem Students Camps

Under a measure sponsored by Assemblyman Anthony P. Savarese (R-Queens), a system of state education camps would be established for problem students under 17. The camps would give special courses to "immoral, disorderly or insubordinate" minors who incur school authorities' judgment of normal schooling.

Confinement would be for an indefinite period but in no case beyond the maximum age of required school attendance. This is generally 16, but 17 in cities and in larger villages that adopt the higher limit.

Another bill asks a change in the Constitution to dispense with primary elections where there are no contests. Sen. Frank S. McCullough of Rye submitted the measure in the Senate while J. Eugene Goddard of Rochester, also a Republican, sponsored a companion bill in the Assembly.

Such a concurrent resolution was approved by the 1958 Legislature.

If it is passed again, the proposal will be submitted to the voters at the fall election.

## AG Sees Savings

Atty. Gen. Louis J. Lefkowitz said adoption of the amendment would save counties, cities and

towns hundreds of thousands of dollars a year.

Two measures dealing with lights on motor vehicles were offered by Sen. Robert C. McEwen (R-Ogdensburg).

One would force motorists to dim their headlights when approaching another vehicle from the rear.

The other would allow members of volunteer emergency crews to use flashing green lights on their personal cars while en route to an emergency.

## Democratic Caucus Set Monday, Feb. 2

A Democratic caucus to select candidates for mayor and trustee for the village of Rosendale will be held Monday, Feb. 2, from 8 to 9 p. m. at Democratic headquarters, Main Street, Rosendale.

William A. Einemann, chairman of the Town of Rosendale Democratic Committee, emphasized that only enrolled Democrats of the village of Rosendale, will be eligible to vote at the caucus.

Election of mayor and trustee for the village will take place at the village hall in the firehouse, Main Street, Tuesday, March 17.

At the January meeting of the Democratic Club of the Town of Rosendale Inc., Miss Patricia Hunter was named chairman of the fund raising project of the club.

Joseph Murat, house chairman, requested all male members of the club to meet with him Friday afternoon or evening at the clubhouse to help finish painting the club rooms.

Democratic first election district of the village of Rosendale are Mrs. Francis McEwen of Main Street, and Arthur O'Leary of Lawrenceville. Third election district committee are William A. Einemann of 3 Davis Street.

## Women's Guild to Meet

The Women's Guild for Christian Service of the Rosendale Reformed Church will meet Tuesday, Jan. 27, 8 p. m. at the church. Newly elected officers will be installed. The meeting was scheduled for Tuesday, Jan. 20, but was postponed due to weather conditions.

# 4 Men Survive Jet Bomber Crash

PLATTSBURGH, N. Y. (AP) — A B47 jet bomber, threading its way through fog and rain, crashed 1,000 feet short of a runway at the Plattsburgh Air Force Base Wednesday night. Four men survived.

Three men walked away from the craft, which burst into flames on impact with the snow-patched ground. The fourth man was carried by rescuers to an ambulance.

The Air Force later said 1st Lt. John S. Chalmers, 27, of Dallas, Tex., the navigator, suffered a fractured hip and stomach injuries. His condition was described as not critical.

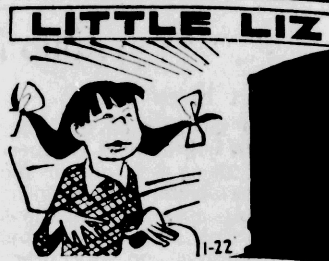

The other crewmen, who escaped injury, were identified as: 1st Lt. Ronald D. Brooks, 24, of Whittier, Calif., the pilot; Capt. James E. McCord, 34, of Memphis, Tenn., and Maj. Ernest Hackenberger, 42, of Thompson Town, Pa.

The Air Force said the plane, attached to the 509th Bomb Wing at Pease AFB, Portsmouth, N. H.,

had been on a training flight. The six-engine craft, diverted from its home base to Plattsburgh because of bad weather over New Hampshire, was running low on fuel as it approached Plattsburgh, officials said.

## Relief Report

WASHINGTON, D. C. (AP) — The National Catholic Welfare Conference reports that Catholic Relief Services has sent 723 million dollars worth of supplies to needy people overseas in the last 15 years.

One thing in favor of loud TV commercials—they wake you up during the old movies in time to go to bed.

# Javits, Keating To Host Dinner On State Ills

WASHINGTON (AP) — New York's congressional delegation will hold a bi-partisan dinner meeting tonight to map plans for improving the Empire State's economic climate.

Sens. Jacob K. Javits and Kenneth B. Keating, Republicans, will be co-hosts at the gathering at Hotel Statler at 6:30 p. m.

"It is time for the biggest delegation in the Congress to act big and act together," the two said in a joint statement Wednesday.

"The unemployment problem in New York State, the decline in New York's economic position in relation to some other states, the fact that New York does not appear to be getting its fair share of government contracts with respect to certain phases of the defense program—all these clearly indicate a need for joint action," they said.

The principal speaker will be Harold V. Gleason, vice president of the Franklin National Bank of Franklin Square, Long Island. Gleason has conducted a survey of the state's economic situation, with particular attention to defense contracts.

## For Withholding Plan

BOSTON (AP) — Over the opposition of Republicans, the strongly Democratic House has passed a bill for withholding state income taxes from pay checks.

The bill passed 128-83 on a party-line roll call vote Wednesday night and then was sent to the Senate, which also is controlled by Democrats.

There is a possibility the measure may reach Democratic Gov. Foster Furcolo, its sponsor, by the end of the week.

## Ike's Budget Is Based On Razor-Thin Hopes

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — President Eisenhower's two main themes this week—keep down spending and avoid inflation—are both based on the thin foundation of hope. It's thin, indeed.

The budget he sent Congress Monday—ironically, it's the biggest of all peacetime budgets but still not big enough to please everyone—called for spending 77 billion dollars in the next fiscal year.

Along with it Eisenhower dangled before the country the prospect that if spending can be kept down to 77 billion, the government will take in just a little more than that in revenue and thus balance the budget.

**Nice Thought**

This is a nice thought, even though it calls for razor-thin figuring. But it's strictly a hope, for two things can go wrong and knock the arithmetic through the roof:

1. The revenue may not turn out to be as high as he hopes. That would throw the budget out of balance and mean red ink even if Congress keeps spending down to 77 billion.

2. Congress may decide his spending figure is much too modest to meet national needs, up the spending, and throw everything out of balance, even if revenue turns out to be 77 billion.

Then in his Economic Report to Congress Tuesday Eisenhower, holding out the vision of a surging and prosperous year, said that inflation could spoil the rosy outlook.

## FAT OVERWEIGHT

Now available to you for first time without a doctor's prescription, our new drug called ODRINEX. You must lose ugly fat in 7 days or your money back. No more starvation diets, strenuous exercise, laxatives, massage or taking of so-called reducing candies, crackers or cookies, or chewing gum. ODRINEX is a tiny tablet and easily swallowed. Absolutely harmless. When you take ODRINEX, you still enjoy your meals, still eat the foods you like, but you simply don't have the urge for extra portions because ODRINEX depresses your appetite and decreases your desire for food. Automatically your weight must come down, because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. **Calls for Discipline**

So he called for self-discipline and restraint by business in raising prices, and labor in demanding higher wages. He seemed to imply that both groups had better use their heads or else. But he was less specific Wednesday at his news conference.

"If the desired results cannot be achieved under our arrangements for determining wages and prices, the alternatives are either inflation, which would damage our economy and work hardship on millions of Americans, or controls, which are alien to our traditional way of life."

That was Tuesday in his Economic Report. At his Wednesday news conference he was asked what controls he had in mind.

"No, I don't have controls in mind," he replied. "And I believe it is not truly a free economy if we are going to have federal imposed controls, and I want to try every single thing that is possible."

**Sees Other Alternative**

"But I do say if you get mounting inflation and we will not discipline ourselves, then something will have to be done."

He didn't say what that something might be.

But even as he talked, the AFL-CIO was getting ready to reject his call for holding the wage line. The big labor organization is expected to say soon that workers don't earn enough now in relation to the rest of the economy.

Across the country labor unions were reaching out for good-sized wage boosts in aircraft, chemicals, rubber, steel, aluminum, electrical manufacturing, maritime and railroad industries.

Around three million workers run out this year. With business improving, as Eisenhower noted, unions are apt to set their sights higher. If wages go up, it's a pretty safe guess prices will, too.

## Batista Denies Invasion Plans Against Castro

NEW YORK (AP) — Gen. Fulgencia Batista, ousted president of Cuba, denies reports that he is preparing an invasion of his country.

Batista was interviewed Wednesday at his headquarters in exile in the Dominican Republic by radio station WNEW reporter Ruth Lloyd.

## 'Our Gang' Favorite 'Alfalfa', Boy Movie Star, Is Shot to Death

SAN FERNANDO, Calif. (AP) — Actor Carl (Alfalfa) Switzer, 33—a freckle-faced, wide-eyed movie star as a boy—was shot to death Wednesday night. Police said the shooting had occurred during an argument with another man over money.

Switzer was a favorite of moviegoers a generation ago when he appeared in "Our Gang" and "Reglar Fellers" comedies. He became known again with reissue of the films to television under the title "The Little Rascals."

But in recent years his movie parts had been minor, and he worked as a bartender and hunting guide when not acting. He realized nothing from reissue of the old films.

Police said Switzer had gone to the home of a friend, M.S. Stiltz, 38, Wednesday night in an effort to collect a \$50 loan.

Detectives Louis Bell and Ernest Johnson said Stiltz told them that an argument had developed and Switzer hit him on the head with a clock. Stiltz got a gun, and fired harmlessly while they struggled. Stiltz said Switzer drew a knife, and Stiltz shot him in the abdomen the latter said.

Some of Switzer's pictures included "Too Many Parents," "Wild and Woolly," and "Mrs. Wiggs of the Cabbage Patch."

## Describe '59 Fete Important Factor To Businessmen

ALBANY — Clifford A. Allanson, executive director of the New York State Council of Retail Merchants, said today in a special bulletin to the merchants "People make markets and markets make money," as he pointed out the importance of the 1959 Year of History Celebration. He estimated that the celebration would draw an extra two million visitors to New York State this year and those visitors would spend an estimated \$200 million.

Allanson urged state merchant groups to form planning committees to "fully explore ways and means of cooperation and to consider well how best to capitalize locally on the thousands of dollars that will be spent generally in state-wide promotion."

Pointing out the wealth of historic features in New York, Allanson emphasized that opportunity for participation went far beyond the Hudson and Champlain Valleys. He said that any alert, aggressive community could participate and stage coordinated promotional celebrations of their own.

Allanson pledged the wholehearted support of his Council to the work of the Temporary State Commission on Historic Observances. Under the chairmanship of Senator Ernest I. Hatfield of Poughkeepsie, this Commission has overall responsibility for planning statewide observance of this celebration.

## Retired Racing Champion Killed In Auto Crash

GUILDFORD, England (AP) — World champion automobile racing driver Mike Hawthorn, who announced his retirement from racing last month, was killed today in a car crash on an English road.

Hawthorn's sports car skidded for 100 yards on the wet highway, struck the back of a truck, overturned and crashed into a tree.

The blond, 29-year-old champion was alone in the car.

Hawthorn's father was killed in a motor crash in 1953.

The death of Mike Hawthorn reduced the great racing triumvirate of Englishmen to one. Peter Collins was killed in the German Grand Prix last August. The remaining member is Stirling Moss.

For nearly two months Hawthorn had been going from banquet to banquet and from one testimonial to another. He was Britain's great hero, for he was the country's first winner of the world racing championship.

Hawthorn was to have gone next year to the United States, where he raced several times, with water speed king Donald Campbell for an attempt to set a world land speed record.

Hawthorn insisted he would never race cars in the United States, acting as Campbell's deputy driver was not racing—it was just a speed attempt.

He is survived by his widowed mother, who helped in his garage business at Farnham.

## Firing on West Coast Postponed

VANDENBERG AIR FORCE BASE, Calif. (AP) — Launching of the first satellite from this West Coast base has been postponed for technical reasons.

The launching, scheduled for Wednesday night, was set back more than 24 hours, but the Advanced Research Projects Agency gave no further details.

The satellite will be the first of a dozen or more in the Discoverer series aimed at gaining information to pave the way for man to venture into space.

The agency said launching preparations will be resumed "as the readiness of the vehicle permits."

## Murrow Refuses Call Girl Source

NEW YORK (AP) — Edward R. Murrow has refused to disclose to police the sources of his radio broadcast linking big business with call girls.

First Deputy Police Commissioner James R. Kennedy spent less than 10 minutes with Murrow Wednesday in the latter's CBS office.

Murrow said after his Monday night CBS show, "The Business of Sex," that participants in the program had been promised anonymity.

Business sources have denied the allegations made on the show.

## Runaway Freighter Wrecks Buffalo Span

BUFFALO, N. Y. (AP) — A huge, steel lift bridge over the Buffalo River was wrecked Wednesday night when a runaway 400-foot freighter full of grain smashed into it.

Damage to the bridge near the foot of Michigan Avenue was estimated at \$5,000,000.

The freighter, unoccupied, was torn loose from its winter mooring upstream. It struck the central lift portion of the bridge.

The lift and a tower over 100 feet high crashed into the river. The tower on the other end teetered in the wind.

The freighter, the Michael Tewksbury of Wilmington, Del., was heavily damaged.

Two men on the bridge were injured, apparently not seriously, and were hospitalized. Two other men escaped from the bridge unhurt just before the crash.

## Electric Shock Kills Boy

LYONS, N. Y. (AP) — Electric shock killed a farm boy near this Wayne County village Wednesday when he attempted to switch on a water pump motor short-circuited by rain.

The victim was Alan Giesy, 15, son of Mr. and Mrs. Ivan Giesy of nearby Alloway.

Faro was the most played card game in the history of the early 19th century west.

It was a gala night, but the audience was apathetic. And then a terrible thing befell the violinist. In the middle of a performance, the E string snapped. The moment was tense. Clawing furiously at the instrument, the artist deliberately broke the A and D strings.

The audience held its breath, but the black-browed violinist strode recklessly to the front of

the stage. Thrusting his violin under his chin, he signaled the orchestra to proceed. "One string," he exclaimed, "and Paganini!"

Paganini was well known at the time, but within a matter of weeks his miraculous performance had made him world famous.

John, after months of courtship, had decided the time right for the momentous question. John—Adelaide, there are a lot of things that can be said for bachelor life. But eventually there comes a time when a man requires the companionship of another being—one who will look up to him, will obey him with devotion and will be at his side when needed. I require that companionship now, Adelaide.

Adelaide—Wonderful! What kind of a dog are you going to get?

Mabel—Have you heard I'm engaged to an Irish boy?

Violet—Oh, really?

Mabel—No, O'Riley.

A visitor commented to Niels Bohr, the famous Nobel atom scientist and Nobel prize winner:

Visitor—I'm surprised to see that you have a horseshoe hanging over your door. Do you believe in that superstition?

Niels Bohr—Of course not, but I've been told that it's supposed to be lucky whether you believe in it or not.

## Commandery, 52, Installation Is Open to Public

Rondout Commandery No. 52, Knights Templar, will hold a public installation of its newly elected officers for 1959 in Masonic Temple, 31 Albany Avenue, Wednesday, Jan. 28, at 8 p. m. Very Eminent J. George Lang, Deputy Grand Commander of the Grand Commandery Knights Templar of the State of New York will be the installing officer, assisted by Eminent Sir William R. MacVean, Past Commander of Cyprus Commandery No. 67 of Middletown, acting as marshal.

This will be the first public installation held by Rondout Commandery in its long existence and they are extending a cordial invitation to all Master Masons and their ladies to attend this colorful affair.

It is expected that delegations of Sir Knights and their ladies will be present from the commanderies in Zone 4 to help Rondout Commandery make this a memorable occasion.

Refreshments will be served in the dining room following the installation and a reception held for the newly installed officers and guests.

## Synagogue News

### Temple Emanuel

Friday, Birthday Sabbath services will be held at the Temple at 7:45 p. m. Rabbi Herbert I. Bloom, Ph.D., will speak on the topic: "The Ten Words: A Sermon on What Is a Jew."

Sunday, 9:30 a. m., religious school classes at the Temple. Hebrew classes are held following regular school at the Jewish Community Center and at the home of Rabbi and Mrs. Herbert I. Bloom, 192 Clinton Avenue.

Thursday, Jan. 29, at 8:15 p. m. a community meeting will be held at the Jewish Community Center, with Jules Cohen, National Coordinator of the National Community Relations Advisory Council, as speaker. He will describe the background of the Synagogue bombings and their implications for the future. There will be a question period following Mr. Cohen's presentation.

Friday, Jan. 30, following regular service at the Temple, the Oneg Shabbath will be hosted by Mr. and Mrs. Sam Mann.

The music for all services is under the direction of Cantor Julian Lohr. The public may attend the services at Temple Emanuel.

## Attorney General Contest Slated For Area Pupils

Attorney General Louis J. Lefkowitz announced today that five prominent New York State residents will serve as judges in the Attorney-General-for-a-Day contest, an essay competition for high school students sponsored by the New York State Department of Law.

The student whose essay is selected for first prize will be "sworn-in" as Attorney-General-for-a-Day and will hold office in the State Capitol in Albany. The winner also will receive a \$25 United States savings bond. The four runners-up will be "sworn-in" as solicitor general, executive assistant attorney general and first and second assistant attorneys general.

All high school students in New York State have been invited to participate in the contest. Entries are limited to 250 words on one of four topics of current interest. These topics are:

"The Effect of The 22nd Amendment on the Presidency."

"Will the Direct Primary for Public Office Widen Voter Participation in Government?"

"Should Congress Have More Power to Shape Foreign Policy?"

"Should 18-year-old Residents Be Granted the Right to Vote?"

Noted that the Attorney-General-for-a-Day contest, sponsored by the Department of Law for the first time last year met with great success because of the wide participation by students and the cooperation of high school principals.

## Kentucky Storms Claim Lives of 3

LOUISVILLE, Ky. (AP) — An outbreak of freak weather, including tornadoes and howling windstorms, left three women dead Wednesday in Kentucky.

One died when a television tower toppled and crashed into the studio of a Lexington TV station. Two others were killed in tornadoes that ripped through farming communities in Grayson County, 75 miles southwest of here.

A backlog of water from steady rainfall sent the Cumberland River over its banks around Harlan in southeastern Kentucky. Temperatures plunged sharply as a cold wave spread across the state. The flood threat eased when the rain changed to sleet and snow.

The tornado victims were Mrs. Willie Hayes, about 45, of Spring Lick, and Mrs. Lou Gary of Neafus, where damage was described as extremely heavy.

Mrs. Susan Kimberly Grasley, 22, a receptionist for television station WLEX at Lexington, died when gusts of wind up to 80 miles an hour sent a 67-foot tower crashing through the studio. Three other persons in the building suffered minor injuries.

## Girl Scout Rescues Two Non-Swimmers

ST. LOUIS (AP)—Girl Scout Diane Ailer of suburban Affton has done her good deed and it should take care of some days to come.

Diane, 12, dove into the frigid waters of a creek and saved her younger sister, Cynthia, and a seven-year-old neighbor, Russell Berryman. The two plunged into the water when ice gave way while they were riding on a sled. Neither Cynthia nor Russell can swim.

## To Dedicate Center

ROSWELL, N.M. (AP)—A rocket center will be opened here April 25 and dedicated to the father of modern rocketry, the late Dr. Robert H. Goddard.

Present at the ceremony will be Hugh Milton, assistant secretary of the Army and former commandant of New Mexico Military Institute here.

Dr. Goddard experimented with rockets north of Roswell in the late 1920s after finding that Massachusetts was too crowded for such research.

## Big Plane Lands Safely

HONOLULU (AP) — An Air Force Super Constellation lost both of its port engines, but the pilot landed it safely an hour and 80 miles later, using only the two starboard engines.

Nineteen airmen were aboard the C121 radar plane which was on a reconnaissance flight.

Maj. Earl W. Bierer, the pilot, said the No. 2 engine dropped off, damaging the propeller of No. 1. His co-pilot was Maj. Mervin G. Getty.

## U. S. Supports Fund

KARACHI, Pakistan (AP)—The United States gave its support today to a technical cooperation fund for Baghdad Pact nations at the opening of a pact economic committee meeting.

U.S. Delegate Donald D. Kennedy said Washington would contribute up to \$30,000 for the fund, which the committee had recommended.

## Own Car Stays Stuck

LANSING, Mich. (AP)—W. C. Wadelich, dispatcher for the city's snow removal crews, worked through the night sending out plows and trucks and handling hundreds of telephone calls.

Then his wife called up to report: "The car is stuck in the driveway, honey."

"Don't bother," said Wadelich, "you'll have to get it out yourself."

## New Army Tube May Outlive Sets

FT. MONMOUTH, N.J. (AP)—The Army says it has developed a tube that may last longer than any radio or TV sets the tube serves.

The tube was fashioned jointly by the Signal Research and Development Laboratory here and Tung-Sol Electric Inc., Bloomfield, N.J.

The Army said in an official statement Wednesday that the development is the first major breakthrough in basic tube design in more than 30 years.

The new tube is cold, the Army said, in contrast with the hot cathode tube. It consists of a tiny nickel cylinder coated with dried milk of magnesia and glows blue instead of red. It uses less than a tenth the power of a standard hot tube.

Unlike an ordinary tube, it needs no warm-up period after being turned on.

## Space Age Balloon Is Fatal to Cow

OKEMAH, Okla. (AP)—A government experiment may cost \$210 additional because of what it did to a curious cow.

Farmer A. L. Starkey sent a bill for that amount to Weather Bureau officials who, in turn, forwarded the message of the cow's death to Washington.

Weathermen sent a balloon to the earth's outer atmosphere. It burst and then settled back to earth—in a pasture occupied by Bessie, a 3-year-old polled Hereford.

She munched on the equipment and despite efforts of a veterinarian, she died.

"You can call Bessie a victim of the space age if you want to," said Starkey. "But she was worth \$210—maybe more."

## Accountants Hear Guest Speaker at Dinner Meeting

Edward S. Barnard of Syracuse, accounting manager of Syracuse Supply Company, addressed Mid-Hudson NAA members and guests attending a dinner meeting Monday evening at the Nelson House, Poughkeepsie.

His topic was "Whole Dollar Accounting", described as a technique applied to general accounting procedures through which the pennies are eliminated and amounts are recorded in whole dollars. Its application is to secondary or internal accounting such as journal entries, sales analyses, expense distributions, cost allocations, proration, statistical reports or financial statements, inventory summaries, fixed assets, worksheets, listings, products and quotients in calculating. The concept is not applied to primary accounting which affects third parties.

In concluding his talk, Mr. Barnard said the practice reduces the physical work required, increases productivity, and is a tool to assist in the further refinement of existing accounting procedures without any capital investment.

## No Hope Left for Boy Lost in Cold Ozarks

LEBANON, Mo. (AP)—Authorities have given up hope of finding Willard Jones Jr. 3, alive.

The boy has been lost in this Ozark Mountain area since Saturday. Searchers, numbering some 5,000 at one time, haven't found a trace of him.

Temperatures in the area have been freezing or below since he wandered away from his farm home 10 miles south of Lebanon. Snow blanketed the area Tuesday night.

**Orioles Sign Pappas**—BALTIMORE, Jan. 21 (AP)—The Baltimore Orioles baseball club announced today that 19-year-old rookie hurler Milt Pappas had signed his 1959 contract.

Upsets were standard operating procedure in the YMCA basketball domain last night as 35 Club squeezed past Byrne Chevies, 58-56; the Bombers dropped Spada's Sport Shop, 44-40, and Wimpy's trampled Backs, 64-40.

The 35 Club knocked the Byrne quintet out of a second place tie in the B Division, and it all happened with 2:20 remaining and a 51-50 lead.

Herm Sickler canned two key-hole jump shots and Bob Bondar added a foul throw to make it, 58-51, with 53 seconds remaining. The Chevies roared back with Nagele hitting on a free throw and Peck dumping two layups as time expired.

The victory moved the 35 Club into a second place tie with Accord. Both have 5-1 records and Minute Car Wash, which faces a tough test against Royal Grill Saturday evening, has a 5-0 skein.

**Equal to Name**  
The Bombers at last lived up to their names and dropped a blockbuster on Spada's Sport Shop as Johnny Hobert scored 18, Bob Dunn 10 and Ken Riggins 9. Terry Corkery topped Spada's with 18.

The latter club trailed by four points with 1:30 remaining. Bob Doran cut the lead with a basket, but Riggins dropped a layup to move the Bombers ahead, 42-38. Corkery came back with a jump shot, but Riggins' pair of free throws with four seconds left did the trick. The victory broke a six-game losing streak.

Johnny Godwin paced the Wimpy's win with 17 and Jack Houghtaling was right behind him with 16. George Holstein's 11 and Jack Schrader's 10 led the losers.

## Fresh Air Fund Game Set in '60

Because a suitable date at Madison Square Garden is not available, the New York Herald Tribune Fresh Air Fund's annual East-West College All-Star basketball game will not be scheduled this year but plans are already being made to resume the series in 1960.

The East-West game, between two squads of college seniors from East and West, usually has been played on the last Saturday in March a week after the national tournaments—the N.I.T. and N.C.A.A.—have ended. In 1959, the last Saturday in March falls on the eve of Easter Sunday, an evening the Fresh Air Fund believes is not suitable for the event. Hence the postponement.

The game this year was to have been the 13th in the series that began in 1946. The event skipped a year once before, in 1952, an Olympic year, and for the same reason—lack of a suitable playing date.

The 12 games played have raised almost \$100,000 for the Fresh Air Fund, which annually sends New York City children to camps and homes for summer vacations.

## The Kingston Colonials

### \*\*\* A Baseball Legend (1921-27) \*\*\*

By CHARLES J. TIANO  
Freeman Sports Editor

The Colonials got their first look at the fabulous Doherty Silk Sox of Paterson, N. J., on May 25, 1923, and didn't like what they saw.

The Silk Sox, as famous in their own right as the Colonials later became, belabored Bud Cullotton and Manager Harry Schirick's boys, 12 to 7, at the Fair Grounds.

Howie Lohr, who later served time in the majors, led the Silk Sox attack with a three-run homer and three singles in five trips. Cullotton allowed 12 hits, the Colonials collected 13 off Roy Talcott.

History records that the Doherty Silk Sox never again defeated the Colonials and in due time it was impossible to lure the Jerseyites to the Kingston park.

The game also was the setting for one of the worst fielding days ever experienced by the late Matty Deegan, the greatest Colonial hitter of them all. Matty was charged with four of the seven Colonials bobbles that day.

**Heartbreaker For McAuliffe**  
Bill McAuliffe, pitching for Oneonta lost a 5-4 heartbreaker to Cullotton on June 10 at the Fair Grounds. McAuliffe limited the Schirickmen to six hits and fanned 11. Cullotton allowed 8 hits and whiffed eight.

**Deegan committed two errors.** Jack Robins was charged with a passed ball and Oneonta picked up three singles and a base on balls in the eighth inning to score four times and tie the score at 4-4.

McAuliffe throttled the Colonians in the bottom of the eighth, fanning Fred Dahn and Charlie Terpening and getting Deegan on a tap to the box.

Cullotton set Oneonta down in order in the top of the ninth but McAuliffe quickly felt the sting of poor support. Third baseman Brown booted Jack Robins' sharp rap to the hot corner and Robins landed on second base.

## Perkins, Godhi Are Poles Apart On Ring Verdict

Associated Press Sports Writer

WASHINGTON (AP)—Lahouari Godhi of Algeria is very well pleased with this nation's capital after jabbing out a mild upset victory over young Eddie Perkins.

Perkins, the Chicago lad who lost a split decision to Godhi here Wednesday night, wants no more of Washington. The Associated Press card has Perkins under the "D" in the United States in the same Capitol Arena ring last April, had been voted a 99-90 edge on points by Judge Harry Volkman and a 97-95 winner by Judge Joe Bunsu. Only Referee Charley Reynolds among the officials went for Perkins 95-92.

Scoring was under the 10-point-must system, with the winner of a round getting 10 points and the loser nine or fewer.

"That guy Volkman gave me a kid one round," Tomaso yelled. "I want to take this up with the boxing commission."

Perkins occasionally jabbed Godhi with single shots to the head. But Godhi kept his shorter opponent at bay with a tireless left jab.

and Dorothy Elston, \$3; Marie Senior, Roberta Gallagher, Esther Hendricks, Ruth Bruno, Louise Badini, Ann VanDeMark, Jean Thompson, Ace Saban, \$2; Joan Smith, Ella Kabator, Gen Whitmore and Marge Delemater, \$1.50.

**CLASS C SINGLES**—Lee Madden, \$8; Lella Elmendorf, \$4; Fannie Tratarus, \$2; Mary Schellenberger, \$1.50.

### Kias Is Named To Section 9 Central Group

The Central Committee members of Section 9 of the New York State Public High School Athletic Association have appointed G. Warren Kias, athletic director of Kingston High School, as a member of the Central Committee to fill the unexpired term of C. Everett Stevens of Newburgh, who resigned recently. This term will expire on June 30, 1960.

Kias has long been active in Section 9 activities. At the present time he is Vice-President of the Council and since 1950 he has been Chairman of the Inter-Sectional basketball activities, which involve the city school in this area. The appointment is effective immediately.

### Pros Mingle With Amateurs In Thunderbird

PALM SPRINGS, Calif. (AP)—Forty-one professionals and 123 affluent amateurs set forth today in the first round of the eighth annual Thunderbird Invitational Golf Tournament.

The setting is the Thunderbird Country Club, which has a waiting list for membership almost as long as the 6,800 yards of its golf course.

All of the winners of the new 1959 season, Ken Venturi, Art Wall Jr. and Ernie Vossler, are here. Venturi of Daly City, Calif., won the Los Angeles Open. Wall captured most of the money in Bing Crosby's tournament last Sunday, and Vossler, of Midland, Tex., won the Tijuana, Open two weeks ago.

The pros must share the sunlight here with a host of club member celebrities. The pro-amateur competition goes on today and Friday. The pros go alone in the final. The pairings include Jimmy Demaret and singer Crosby, Jack Burke Jr., with Bob Hope, Wall with Randolph Scott, Jay Hebert with Ralph Kiner, Lloyd Mangrum with Buddi Rogers and Venturi with Denny Aron.

Par is 36-35-71. The pro-amateur purse is worth \$1,000 to the leading pro, and \$1,500 goes to the individual pro winner for 72 holes.

### George H. Wiltse Dies, Hurler No Hitter for 10

LONG BEACH, N. Y. (AP)—George (Hooks) Wiltse is dead. He was one of three National League pitchers ever to hurl a no-hit, no-run baseball game that ran into extra innings.

Wiltse, a native of Hamilton, died Wednesday night at the age of 78.

He won 147 games and lost 91 in 11 years with the New York Giants, starting in 1904. The ace lefthander's best seasons were 1908, when he won 23 and lost 14, and 1909, when he won 20 and lost 11.

Wiltse jumped the National League when the federal League was formed in 1915, and posted four victories and five defeats with Brooklyn.

His no-hitter over 10 innings was pitched against the Philadelphia Phillies July 4, 1908. The Giants won, 1-0.

### Yankees Purchase Richmond Club

The New York Yankees yesterday announced the purchase of the Richmond club of the International League. The Yankees bought the entire stock of the club, with which they have had a working agreement and an option to buy.

Roy Hamey, assistant general manager, Aaron Lamer, club controller, and attorney Emil Levin represented the Yankees.

For a team that didn't score in the first period, Siena Alumni pulled a real surprise in the Over 30 League last night when Bernie Feeney stepped to the foul line and pulled out a 22-20 victory over Hotel Kingston.

In the companion attraction, Amrods romped to a 52-36 win over Main St. Liquor Store. Amrods kept their unsullied record and now lead the pack with a 3-0 record. The standings:

	W	L
Amrods	3	0
Main St. Store	2	1
Hotel Kingston	2	1
Kendall Oil	1	1
Jaycees	1	1
Siena Alumni	1	2
KPA	0	2

Hotel Kingston was undefeated prior to last night's surprise. Feeney led it for Siena with two free throws in the last 30 seconds in a game which saw Bill Robertson stage a tremendous performance, collecting 21 points. Joe Mercer and Fritz Becker with six apiece topped the Hotel Kingston scoring.

Nick Kyff maintained his 20-point average per game, which tops the league's individual scoring. He bucketed 21 last night, the second time in as many starts he has scored over 20, but it still wasn't enough to overcome a second half rally by the Saugerties club.

Fred Seither scored 15 for Amrods, Bud Turek 13, and Boo Schaffer 10.

### Even Pick In All Star

DETROIT (AP) — The East and the West apparently are evenly matched for their National Basketball Assn. All Star duel Friday night at Olympia Stadium.

The East starters — Bob Cousy, Bill Russell and Bill Sharman of Boston, Paul Arizin of Philadelphia and Ken Sears of New York — own an overall per-game average of 20.5 points.

The West starters will be Bob Pettit, Cliff Hagan and Slater Martin of the World Champion St. Louis Hawks, Elgin Baylor of Minneapolis and Gene Shue of Detroit, and this five averages 20.1 points per game.

The East has won six of the eight previous contests, and will try to make it three in a row for Coach Red Auerbach of the Boston Celtics, champions of the Eastern Division.

This will be the All Star coaching debut for Ed Macauley, the rookie coach of the Hawks. Macauley was the most valuable player in the first All Star game in 1951, when he paced the East to a 114-94 triumph in the Boston Garden.

Both squads will have at least one opportunity to work out as a unit. The 10-player squads were due in Detroit today and both coaches have indicated they would work out at Olympia Stadium in the afternoon.

### Strained Muscle Can't Stop Olmedo

ADELAIDE (AP) — Playing heavily taped around his midsection, Alex Olmedo, U. S. Davis Cup hero, rallied from the brink of defeat today to enter the semifinals of the Australian National Tennis Championships.

The Peruvian from Southern California, who had been forced to withdraw from the doubles Wednesday because of a strained stomach muscle, vanquished Ulf Schmidt of Sweden in a five-set struggle 6-4, 9-7, 3-6, 3-6, 7-5.

Also entering the round of four were top-seeded Neale Fraser who beat his fellow Australian Don Candy 6-2, 6-4, 4-6, 6-4 and Aussie Bob Mark who upset Spain's Andres Gimeno 6-4, 3-6, 7-5, 6-4.

The other scheduled quarter-final between Barry MacKay of Dayton, Ohio, and Aussie Roy Emerson was postponed until Friday.

## Celts Lose Third in Last Four

By THE ASSOCIATED PRESS  
Nobody is suggesting that the Boston Celtics will lose the Eastern Division title in the National Basketball Assn.

But if the Celtics keep sliding and the New York Knicks keep moving forward anything may happen.

The Celtics, without ace playmaker Bob Cousy, dropped their third game in their last four starts Wednesday night, bowing to Syracuse, 134-112. The Knicks won their third in their last four with a 130-109 decision over Cincinnati and moved within 5½ games of the lead.

Even the Philadelphia Warriors, last in the Eastern Division, continued on an upsurge. They defeated Detroit 112-105 at Fellsburg, Pa.

In downing the Celts, the Nets rookie, Hal Greer, paced the attack with 22 points. Bill Sharman led Boston with 27.

**Hit 48 Per Cent**  
The Knicks hit on 48 per cent of their field goal attempts. Richie Guerin and Frank Selvy contributed 25 points each to the Knicks' total but the high scorer was Cincinnati Arlen Bockhorn with 27.

Paul Arizin dropped in 35 points in leading the Warriors to their victory. The Pistons' George Yardley had 33 points.

## U.S., Soviets Score 1st Round Wins in Tourney

SANTIAGO, Chile (AP) — The United States and Russia still were favored to battle it out for the World Amateur Basketball Championship today after chalking up opening-round victories in the round-robin tournament matching teams from seven countries.

The United States, represented by personnel from the Air Force, edged previously unbeaten Bulgaria 63-58 Wednesday night for its fourth straight victory and Russia, after a shaky start, downed Puerto Rico 84-55.

## Wings and Leafs Stir Things Up

By THE ASSOCIATED PRESS  
The Detroit Red Wings and the Toronto Maple Leafs, making a belated bid for a Stanley Cup play off spot, are stirring things up at the bottom of the National Hockey League standings.

They both won Wednesday night with the Wings advancing within one point of the fourth-place Boston Bruins and the Leafs only another back while resting in the league cellar.

The Leafs defeated the Montreal Canadiens 3-1. And the Wings turned back the Chicago Black Hawks 3-2 for their first victory in 10 games.

The Toronto scoring was handled by Bert Olmstead, Dick Duff and Billy Harris while Ed Chadwick made 33 saves, stopping all except Tom Johnson's 45-foot slap in the third period.

Charlie Burns' goals at 3:33 of the final period was the deciding margin in the Wings' victory.

## Johansson Will Fly to New York For Pact Signing

GOTEBORG, Sweden, (AP)—Sweden's Ingemar Johansson said yesterday he will arrive Friday in New York where he is expected to sign for a title fight with world heavyweight champion Floyd Patterson in the United States this June.

Johansson, 26, a handsome 6-footer, was asked to come to New York by Edwin Ahlquist, Swedish promoter and the European champion's advisor.

Ahlquist, who arrived in New York Sunday, conferred Tuesday with promoter Bill Rosenzohn and Cus D'Amato, Patterson's manager. After the round of conferences, Rosenzohn said the fight was 90 per cent made.

He named New York, Los Angeles and Colorado Springs as possible sites.

## Player Pensions Hottest Topic At Pro Meeting

PHILADELPHIA — National Football League owners and representatives of the players association met face-to-face today on the warmest issue between the two groups—player pensions.

The players, led by Bill Howton of Green Bay, have asserted that if the association accomplishes nothing else it will fight for a pension for pro football players.

Advised by attorney Creighton Miller and with the help of such insurance executives as former pro football star Bill Dudley, the association is prepared to show the owners that a plan is feasible.

On the other side of the fence, Commissioner Bert Bell of the NFL has said flatly the owners cannot afford a pension. He says such a plan for pro football "just isn't feasible."

Howton and Miller claim to have the answer. They asked Bell and the owners to take time out from their annual winter meeting to talk things over. The commissioner obliged.

The NFL wrapped up its annual 30-round draft Wednesday and prepared today to go into executive sessions expected to last at least through Friday.

The coaches and general managers found the draft pickings mighty slim during the more than 13-hour session. Most of the nation's top talent was drafted by the pros at their Dec. 1 meeting.

What was left of the better than average performers went in the early rounds Wednesday.

Notre Dame led all schools in players drafted. Ten of the Fighting Irish squad were tapped. Bob Wetoska, 238-pound end, was made the first choice of the day by the Washington Redskins, who using a choice acquired in a previous trade with Green Bay. The Redskins, who recently lost their coach, Joe Kuharich, to the Irish, picked three other Notre Dame players, tackle Don Lawrence, fullback Ron Toth and halfback Norm O'Dwyne.

Six players each were taken from unbeaten Auburn and Purdue of the Big Ten, with five from Syracuse's Orange Bowl squad and four each from Rose Bowl winner Iowa and Little Trinity (Tex.) College.

## Southern Cal Puts Clamp on Recruiters

LOS ANGELES (AP) — The University of Southern California has placed its football recruiters on indefinite probation and removed them from any recruitment function.

Although President Norman Topping did not identify the men whose zeal caused the NCAA to hand the Trojans a two-year suspension, Los Angeles newspapers said they are Nick Pappas and Al Davis.

Pappas is the university's alumni field secretary and Davis an assistant to head Football Coach Don Clark.

## Pedagogues Stir Frenzy As 'Dimes' Game Nears

By JASON GOUTAS

As the deadline draws nearer, the benefit game between the Ontario Central Faculty and Rondout Valley Central Faculty is reaching a fever pitch among the student body, parents and friends of the educators. All are anxiously awaiting to see the pedagogues show the fans a few pointers on how to play basketball-vintage 1940.

The doors will open at the Ontario gymnasium in Boiceville, at 6:45 p. m. Saturday with the preliminary between the women faculty members of both schools set to play at 7:30 p. m. The Ontario professors will be led by Joan McCloud and various unknowns. Coach Chick Meehan of the Ganders has drafted Fran Osterhoudt, Gross, Carol Fuhr, Barbara Hunley, Marcia Krom, Barbara Ross, Rita Cushman, Marcia Anderson, Bernadette Gaudette, Carolyn DuBois, Carol Warren and many others.

## Chisox's John Callison Rated Top Rookie Choice

By JOE REICHLER  
Associated Press Sports Writer

NEW YORK (AP) — The 1959 baseball season is three months off but already experts are saying the youngster to beat for American League rookie of the year honors is John Callison of the Chicago White Sox.

The 19-year-old Bakersfield, Calif., product looked so good after he was brought up to the closing weeks of the 1958 campaign that no less an authority than Casper Stengel remarked he was a cinch to start in left field for the White Sox next season.

The young left-handed slugger heads a list of 15 newcomers who will appear in the White Sox spring camp at Tampa, next month. After hitting .283 for Indianapolis, leading the American Assn. with 29 home runs, Callison hit a solid .297 while driving in 12 runs in 18 games for Chicago.

Another newcomer tabbed as "most likely to succeed," is Barry Latman, a 22-year-old right-handed pitcher, who has a mediocre record at Indianapolis. Latman was a tremendous pitcher in the closing portion of the season with the White Sox with a 3-0 record.

Three newcomers will engage in a dog-fight to survive as one of the extra outfielders. One is Jim McAnany, whose .400 batting average at Colorado Springs of the Western League was the highest in the minor leagues.

Signed out of the University of Southern California as a freshman, McAnany throws and runs well and is a capable outfielder. In 119 games he walked 29 doubles, 26 home runs and drove in 117 runs.

Joe Hicks, a University of Virginia product, was second to McAnany with .381.

Norm Cash returned from military service last June and batted .274 at Indianapolis.

John (Honey) Romano, 24-year-old catcher, figures to battle Earl Battey for the second strong job behind Sherman Lollar. Romano was a .291 hitter at Indianapolis.

Catcher Chuck Lindstrom, son of Fred Lindstrom, appears to be in need of more seasoning. Infielder Don Prohovich, 23, batted .298 at Colorado Springs.

Other who may be shipped out again include pitchers Hal Trosky, Jim Derrington, Bill Dufour, Stover McVain, Rudolph Arias and Don Rudolph. The last two are relief pitchers and one may stay.

## Four Bobsledders Go to St. Moritz For Title Races

LAKE PLACID, N. Y. (AP)—Four Upstate members of the U. S. bobsled team, are on their way to the World Championships at St. Moritz, Switzerland.

Stan Benham of Lake Placid and Charles Pandolfi, James Lamy and Neil Rogers, all of Saranac Lake, left Wednesday to join two other team members who are training in Europe.

Already overseas are Thomas Butler of Saranac Lake and Gary Sheffield of Lake Placid.

The world two-man event will be staged Feb. 7-8. The U. S. also may compete in the four-man championship races Feb. 14-15.

## Lot of Night Work

## National Books Record 296 Arclighters in '59

CINCINNATI (AP) — There is a lot of night work ahead for members of the National League's baseball clubs.

The loop's 1959 schedule, made public Wednesday night, showed the seven clubs which have lighted fields have arranged a record-breaking 296 night games for the coming season. The previous record of 274 was established last year.

The Chicago Cubs are the only team without a lighted field so they will do all of their night duty in foreign parks.

As had been previously announced, the schedule showed the season openers would be played April 9 and 10 — the earliest opening date in 46 years.

Pittsburgh will be at Cincinnati on April 9 so the Redlegs can maintain their record of always opening at home. All eight teams will be in action on April 10 with Cincinnati at Philadelphia, Milwaukee at Pittsburgh, Los Angeles at Chicago and San Francisco at St. Louis.

**Opens April 14**

Milwaukee, Los Angeles and San Francisco will play their home openers on April 14.

The 1959 program also calls for Milwaukee, St. Louis, Cincinnati, Pittsburgh, Chicago and Philadelphia to make four trips to the West Coast. St. Louis and Chicago made four trips last year but the others made only three.

The schedule makers also got away from the early closing date for several clubs in some cities. In 1958 some clubs made their final appearances in other cities as early as July 20. The 1959 schedule, however, calls for all clubs to entertain every other team in the league at least once during the last six weeks of the season.

# Robins Not Seen As Harbinger, Shultis Opines

The Freeman has just received a note from Tom Shultis, the Bearsview weather prophet, now vacationing in Ft. Lauderdale, Fla., commenting on a recent article in this paper about robins.

He writes as follows: "I have a clipping from your paper, put in by Mr. Harvey Martine of Marlborough, stating he saw robins at his place and asking if that was a sign of early or late spring. "I also have word from home that Mr. and Mrs. Van Howland of Lake Hill saw about 100 in their yard Dec. 31. "I would say that robins staying north in winter has nothing to do with an early or late spring. "From 1913 through 1920 we had winters as cold as any I can remember and some of those winters we had plenty of robins at Bearsview and Wittenberg and had early and late springs. But I do look for an early spring this year."

**Separate Careers**  
NEW YORK (AP) — Cyril Ritchard keeps his careers as star performer and stage director firmly apart—even when he is doing both at the same time. Ritchard is appearing in the Broadway smash hit, "The Pleasure of His Company," and is guiding "Lulu" as well. To avoid public confusion, Ritchard announced that he wanted it "clearly established" that his directorial chores were not to interfere with his acting. He arranged during the tryout tour of "Lulu" for transportation back into New York for each performance of "The Pleasure of His Company."

# Thaw Hard

county was reported with a minor scalp laceration resulting. This occurred at 4:40 p. m. Wednesday at the intersection of Grand Street and Route 9W about a mile north of the Highland traffic circle.

**Cars Collide**  
Salvatore Frisher, 62, of Highland, was crossing 9W on Grand Street and Frank W. Brayton, 26, of Poughkeepsie, was proceeding south on Route 9W. It was reported by Trooper J. F. Frank of the Highland State police.

Their two cars were in collision, Donald Morgan, 18, of Poughkeepsie, suffering a lacerated scalp. He was treated at Vassar Hospital.

Highland state police reported no flooding of roads or streams. Ellenville state police said there were puddles on highways here and there but nothing of any consequence. An Associated Press report on state conditions said:

**South Buffalo Flood**  
In South Buffalo an ice jam in Cazenovia Creek broke and sent a wall of water five feet deep surging through residential streets. Several persons were injured.

The rush of water, loaded with big chunks of ice, smashed big walls and tossed automobiles against trees and light poles. The damage was estimated at well over a million dollars.

**Freighter Hits Bridge**  
The flood waters ripped one freighter from its moorings in the Buffalo River. The ship hit another and both drifted toward the Michigan Ave. light bridge.

The operators tried to get the bridge up in time, but the second ship, a 400-foot grain freighter, crashed into the bridge and sent it down into the swirling waters. Hundreds of streams in the state overflowed. The damage from flash floods was estimated in the millions of dollars. Families were evacuated in scattered sections.

At least four deaths were attributed to the flood. Snow swirled across the snow-belt sections of Lake Erie. The Weather Bureau forecasts from 7 to 15 inches of new snow likely by Friday.

Nearly four inches of new snow fell within two hours in Lewis County Thursday. Visibility was cut to zero. Many schools were closed.

**Sullivan County Hit**  
A 15-mile section of Route 17 along the east branch of the Delaware River in the Roscoe area of Sullivan County was closed because of flooding conditions. Traffic was routed over Route 30.

Floods, caused by an ice jam in the Beaverskill branch of the Delaware, forced the evacuation of 10 families in the hamlet of Yorktown.

Before Route 17 was closed, a trailer truck plunged down an embankment into the Beaverskill. The driver, Merritt Rutherford, of Walton, escaped injury, however.

Near Watertown, the Cafeteria, library and boiler room of a school were flooded by four feet of water. Rats were another problem. At Cohasset in the eastern section of the state, ice from the Mohawk and Hudson Rivers smashed through fences, and residents shot down rats that rode in with the water.

The waters rose yesterday as spring-like temperatures and rain melted the snow blanket. High winds added to the difficulty. George Batchelder, 56, of Stephentown, was killed Wednesday night when an automobile skidded into storm-swollen Kinderhook Creek at West Lebanon.

Highways were shredded by sudden surges of water. Basesmen were inundated. Air travel collapsed. Surface transportation groped through fog. Many motorists, raked by thick rains, abandoned their vehicles.

The Weather Bureau said a southwest gale with occasional snow and sub-freezing temperatures would hit western counties today. Occasional snow squalls were forecast for the areas east of Lake Erie and Lake Ontario.

**HAS NAME FOR CRITICS OF HIS BUDGET**—At his Washington news conference, President Eisenhower says that Democratic congressional critics of his 77 billion dollar budget are suffering from "budgetary schizophrenia." Mr. Eisenhower also said he believes Russian Deputy Premier Anastas Mikoyan left this nation carrying the impression that America wants peace—but will not be pushed around in the cold war. ## 45 Donors Answer Blood Bank Call; 7 Are Initials

The special appeal for new donors to the Saugerties community blood bank with a drawing scheduled tonight at 7:30 p. m. in the VFW Hall, Livingston Street bore fruit when the names of seven new contributors were announced by Miss Marie M. McCutcheon, chairman. Forty-five donors are expected tonight.

The new donors are: Daniel Wynne, Mrs. Helen Dunn, Arthur Dinkel, Mr. and Mrs. Frank Ruddy, Matthew Fuzo, and Mrs. Beatrice Malone. Miss McCutcheon announced last week that the blood bank, sponsored by Saugerties Memorial Post 5034, VFW, has at present less than 100 regular donors to keep the community service in operation. The present demand is far greater than the supply realized from these persons, who on many occasions have given their blood every three months.

The current campaign of the bank is to recruit 100 new donors. Miss McCutcheon emphasized that those wishing to donate blood need not attend the drawing this evening. They may register for a future date. Miss Mary K. Wiseman, blood bank nurse of the Kingston Laboratory and Dr. Jacob Morse of Kings Village will be in attendance tonight.

## Lutheran Church Will Install New Councilmen

Five newly elected church councilmen of the Evangelical Lutheran Church of the Atonement, Saugerties, will be installed during the 11 a. m. worship service Sunday.

They are John Bub of Veteran; Mrs. Louise Jacobs, Bridge Street; and Walter Rittie, Hill Street, both of Saugerties; Mrs. Jane Tracey of Woodstock, all for three year terms. Louis Snell of Mt. Marion Park was elected to fill the unexpired one-year term.

The group was elected at the annual congregational meeting of the church last Sunday. Following the service at 11 a. m. a special meeting of the council will be held to elect officers for 1959.

The church program for 1959 will be coordinated at a special meeting of the church council with officers of church organizations.

gram committee, led by David S. Cunningham, will present reports for these respective committees. Plans for Lenten services will be considered for adoption by the council. All Council members are urged to contact the Rev. Mr. Pangburn or Edward Kiernan by this Saturday indicating their intention to attend the dinner and meetings.

## Chimney Fire Alerts Malden-W. Camp Vols

A chimney fire shortly after noon Wednesday caused considerable damage in the residence of Ernst Martin of West Camp.

Former chief Charles Teetsel of the Malden-West Camp Fire Company said Malden truck No. 1 answered a silent alarm. The Malden truck was en route to the fire when a second call sounded the fire siren.

West Camp truck No. 2 was advised to stand by.

Teetsel reported that the fire broke out of the chimney and burned into the roof rafters causing considerable damage to the walls of two rooms in the two-story frame dwelling located on the Evesport Road.
